CENSUS.

Nos. 52-53.

Dehat Inam of Ameen Saheba in North Arcot.—Board of Revenue to furnish information as to the object for which it was originally granted

June 1869)

3. The Collr (vide Dft Bro: d/19 Augt/69) now reports that she is an aged woman of 60 or 70 in extreme poverty, who earns her livelihood by begging. From his former report it appears that finding the allowance too small for her livelihood she had gone to live under the protection of her brother & that she was originally a Cosha woman, but had recently abandoned her seclusion owing to her reduced state.

4. The Board recommend that (Rs 181 being the arrears due to her from 1st Feby/69 upto 31st July 1869, be paid to her, & that her original pension be continued.

5. It would afford a wide opening for impostors if pensions which had not been drawn for more than twenty years were permitted to be claimed again. Several cases of prolonged arrear have occurred lately, & it would perhaps be advisable to make an example. There is a Notification of the Govt of India invariably overlooked by the 13th, which prescribes that Civil pensions which remain unclaimed for a period

× Vide Fort St George Gazette of Nov 28 1856 Pt 52.

of his years are to be consider=
=ed as having lapsed to Govt
& the names of the pensioners
to be struck off the books.

6. This however
cannot be termed a Civil
pension. From C. in C.
3/13 June 1851, № 564.
it appears that the Dehat
Inams of North Arcot
originally consisted of the
revenues derived from land
and were then commuted
into money allowances. On
what grounds this particular
Dehat Inam which is termed
hereditary, was granted, is not
clear, & it might be advi=
=sable to call upon the Collr
for information on this point.

I fear the Collr will be
unable to explain but
it may be well to see
what he says on the way of
record - Sir W. Thompson call
on him as proposed
