*Proceedings of the Madras Government, Revenue Department,
9th October 1869.*

No. 121. Read the following letter from W. G. McIVOR, Esq., Superintendent Government Cinchona Plantations, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 13th September 1869, No. 90:—

With reference to the order of Government, No. 2,446, dated the 30th August 1869, I have the honour to inform you, that I advised the Collector of Ganjam, on the 29th June 1866, that 500 well-established and hardy Cinchona plants were prepared for transmission to that district. On the 4th July I received a telegram from Mr. Forbes, requesting me to forward seeds instead of plants; and on the following day I despatched to that gentleman 3,000 seeds of *C. Surcirubra*, 2,000 of *C. Calisaya*, and 400 of *C. Officinalis*; but have received no information as to their success or failure.

No. 122. ORDER THEREON, 9th October 1869, No. 2,760.

Miscellaneous.

THE Government conclude that the Cinchona plants sent to Ganjam in 1866 proved failures. It is, however, still possible that the experiment will succeed if a suitable site be selected, and Mr. McIvor should accordingly be directed to carry out the instructions conveyed in paragraph 2 of G. O., dated 30th August 1869, No. 2,446.
