No. 140. Read the following Endorsement of the Deputy- Inspector-General, Presidency, for Inspector-General, Indian Medical Department, dated Fort Saint George, 2nd October 1869, No. 367:—

Read the following letter from the Apothecary in Medical Charge, Chetterpore, to the Deputy-Inspector-General, Indian Medical Department, Presidency and Northern District, dated Chetterpore, 15th September 1869, No. 88.

I BEG to report that the fever-cases in Ganjam, during the past month, continued to show an increase; 234 cases having applied for treatment, compared with 149 cases of the previous month.

2. The flat low-lying lands in and around Ganjam consist of nothing more than one vast paddy-field, which, since the setting in of the south-west monsoon, is nearly all under water. Such a condition cannot be otherwise than favourable for the production of fevers in general.

3. Notwithstanding the increase in the number of fever-cases, I am glad to state that the type of the disease is not aggravated, though Quinine in ten-grain doses appears to be indispensable.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 11th October 1869.

Read the following letters:—

From G. BANBURY, Esq., Collector of Trichinopoly, to the Acting Secretary to the Board of Revenue, dated 15th September 1869. No. 217.

IN reply to the Board's Official Memorandum, dated 27th July last, No. 809, I have the honour to state that the reason why a larger amount of land than that taken up was granted as indemnification, was owing to the number of productive trees standing upon the former tract.

2. In order, however, to avoid granting extra land on this account, I propose submitting to the Board a revised Statement recommending payment outright for the value of the trees, and the grant of land equivalent in value to that actually taken up by Government.

3. I am sorry for the delay which has occurred in this trifling matter, but it was referred to my Sheristadar, and his want of any knowledge of English renders the production of information upon English letters hazardous and precarious.

---

From the same officer, dated 24th September 1869. No. 230.

WITH reference to the Board's Official Memorandum, No. 809, dated the 27th July last, and to my letter, No. 217, dated the 15th instant, I have the honour to submit, herewith, a revised Statement showing the extent of land proposed to be given in lieu of the Inam land taken up for the Rajandrapatnam Sub-Magistrate's Office.

2. The piece of land now recommended as indemnification is exactly of the same extent, and bears the same assessment as the plot taken up.

3. It will appear from my letter above quoted, that in consideration of a few productive trees standing on the site we require, a larger extent of land was formerly proposed to be granted as compensation. The value of these trees* has been ascertained by the Deputy-Collector on general duties to be Rupees 36.

4. I beg to request that the sanction of Government may be obtained, for making over to the Inamdar the aforementioned land on the same terms as the original Inam. I have also addressed the Engineer asking him to pay from the estimate for the Cutcherry the Rupees 36 due for the trees we have thus taken possession of.
