No. 157. Proceedings of the Board of Revenue, dated 1st September 1869. No. 6,528.

Read the following letter from the Collector of South Arcot, to the Acting Secretary to the Board of Revenue, dated Cuddalore, 29th May 1869, No. 112.

In reply to the Board's call in paragraph 51 of their Proceedings, under date 31st March last, No. 2,060, I have the honour to state that the annual wastage observed upon was occasioned in part by the heavy showers of rain which fell before the Salt was all stored in the two previous years, and also in part to the fact that the Salt which was sold in Fusly 1276, had been stored several years before, and had thus become by time much lighter than when taken into store and heaped.

2. This is the only explanation I am able to give, and I think it may be accepted in solution of the wastage noticed.

The Board cannot consider this explanation satisfactory. The Collector's careful attention must be given to this subject, and the Deputy-Collector will be informed that the wastage must be diminished.

2. The Board resolve, however, to request Government to allow the wastage of Fusly 1277, namely, 32,964 Maunds and 84 Seers, to be written off.

No. 158. Official Memorandum from the Sub-Secretary to the Board of Revenue, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 21st September 1869, No. 977.

The undersigned has the honour to inform the Acting Secretary to Government, Revenue Department, in reply to his official memorandum, dated 16th September 1869, No. 1,381, that the correct amount of the Salt wastage in South Arcot for Fusly 1277, requiring sanction to be written off the Accounts, is 32,964 Indian Maunds and 34 Seers.
