Proceedings of the Madras Government, Revenue Department,
15th October 1869.

No. 203. Read the following Proceedings of the Board of Revenue, dated 4th October 1869, No. 7,359:—

Read the following Proceedings of the Madras Government, dated 21st July 1869, No. 2,130, Revenue Department.

ABSTRACT.— *Statistics of Area, Population, etc., of Madras Presidency.*—Board of Revenue to furnish the amended Statements called for by the Government of India.

RESOLVED that the amended Statement of Statistics called for in the above order be submitted to Government for transmission to the Government of India.

2. The number of individual holdings and Jumma or Land Revenue entered in the Statement, appertain to the Fusly 1277 (1867-68), the latest year for which accounts from all the Collectors have been received.

3. The Land Revenue entered in the Return includes the Peishcush collections from Zemindaries.

4. It has not been possible to exhibit the Peishcush collections separately, as the Returns from the provinces do not distinguish the collections under each head in each talook. In the abstract appended to the Statement, however, the Peishcush collected in each *district* during the year is exhibited.

5. The area and population are taken from the latest Census Returns received for Fusly 1276 (1866-67).

6. In Cuddapah, Bellary, Kurnool, and South Canara, there are no Zemindaries. Hence the column Peishcush is blank for these districts.

Madras.	Coimbatore.
South Arcot.	Salem.
Tanjore.	South Canara.
Trichinopoly.	

7. In the case of the seven districts noted in the margin, the Collectorate Returns do not give the area and population of Zemindaries, etc., separately. They have been apparently included in the areas of the several talooks within which they are situated.
