*Proceedings of the Madras Government, Revenue Department,
25th October 1869.*

No. 287. Read the following letter from R. E. MASTER, Esq., Director of Revenue Settlement, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 8th October 1869, No. 1,416-37 :—

IN their Order of the 17th April last, No. 1,060, the Government directed that the papers connected with the revision of the assessment in the several districts, should be printed as Selections from the records of Government, and that the work should be undertaken at the Government Press, the proofs being revised in this Office. I have the honour to report that the work has, for some time back, progressed very slowly, and has latterly come almost to a standstill. In five months altogether 409 pages have been printed, but in the last five weeks only 15 pages. At this rate, the completion of the work, roughly estimated at 5,000 pages, will be indefinitely postponed. I am given to understand that the Government Press is not only over-burthened with work, but that the Budget provision is insufficient for its requirements. I request that, if the Government see no objection, they will permit me to have the remaining Settlement Reports printed at private Presses: the work may then be completed in a comparatively short time; while the cost can be met from my Budget allotment for printing, the whole of which is not required for the Settlement Registers.

No. 288.

ORDER THEREON, 25th October 1869, No. 2,838.

Land Revenue.

As it appears from the foregoing letter that funds are available in the Settlement Budget for printing the papers under reference, the Government authorize Mr. Master to have the work executed on contract at private Presses, to the extent of the funds at his disposal, for the current year. The subject will be re-considered at the commencement of next official year.

Sir,

In their Order of the 17th April last N^o 1060, the Government directed that the papers connected with the revision of the Assessments in the several Districts should be printed as Selections from the Records of Government, and that the work should be undertaken at the Government Press, the proofs being revised in this office. I have the honor to remark that the work has for sometime back progressed very slowly, and has latterly come almost to a stand still. In five months, altogether 600 pages have been printed, but in the last five months only 15 pages. At this rate, the completion of the work, roughly estimated at 5000 pages, will be indefinitely postponed.

I am given to understand that the Government
Press is not only overburdened with work
but that the Budget provision is insufficient
for its requirements. I request that if the
Government see no objection they will permit
me to have the remaining Settlement reports
printed at private Presses; the work may
then be completed in a comparatively short
time, while the cash can be met from my
Budget allotment for printing, the whole of
which is not required for the Settlement Re-
gisters.

Sir,

Your Most Obedient Servant,
