*Proceedings of the Madras Government, Revenue Department,
26th October 1869.*

No. 300. Read the following Proceedings of the Board of Revenue, dated 28th September 1869, No. 7,197:—

Read the following letter from the Collector of the Godavery District, to the Acting Secretary to the Board of Revenue, dated Cocanada, 10th August 1869, No. 190.

I HAVE the honour to report on the result of experimental cultivation of Carolina paddy in Fusly 1278, received with the Board's Proceedings, dated 14th May 1868, No. 3,540.

2. The whole seed was sent to the divisional officers and to the Tahsildar of Ramachendrapur, with instructions as to how it should be cultivated.

3. From the reports received from the divisional officers, it appears that the experiment was tried in several villages both broad-cast and by transplantation, but it proved a total failure. In some places plants grew and withered away, and in others there was no yield of crop.

4. In the Ramachendrapur Talook it was tried in three places: 119 lbs. of paddy have been produced in 75 cents. of land, in which 19 lbs. of seed were sown broad-cast; 1½ lbs. of the yield are herewith sent* for the inspection of the Board of Revenue.

* By banghy.

Submitted to Government for reference to Government Order, dated 20th April 1868, No. 1,038.

2. The Collector's letter speaks for itself.

No. 301. ORDER THEREON, 26th October 1869, No. 2,845.

Miscellaneous.

ORDERED to be recorded.
