No. 320. Read the following letter from the Officiating Conservator of Forests, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated camp at Ootacamund, 23rd August 1869, No. 1,643 :—

In paragraph 8 of his letter to Government, recorded in G. O., No. 2,284, of the 6th instant, the Superintending Engineer of the 7th Division has recommended that the 3,000 rupees to be paid to Mr. Lowry as compensation for the ghaut-trace, shall be debited to the Forest Department, "in consideration of Imperial Funds being allotted for the ghaut and road to Annamallay village :—" I do not understand which ghaut Colonel Walker alludes to ; but I suppose he means Mr. Lowry's ghaut about to be constructed, as the Annamallay Ghaut has already been completed entirely from Forest Funds. The road to Annamallay village alluded to is of little or no use to the Forest Department, as almost all our timber goes westward from the foot of the slip to the floating depôt at Mungarah. If Mr. Lowry's ghaut is completed up to the Coffee Estates, the Forest Department might make a contribution towards it, as there is a certain amount of timber on the Ponachy plateau which might be brought down. The timber in question is not sufficient, however, to authorize a ghaut, and it would be hardly fair to tax the Annamallay Forest with this first instalment of 3,000 rupees.
