*Proceedings of the Madras Government, Revenue Department,
27th October 1869.*

No. 326. Read the following Proceedings of the Board of Revenue, dated 1st September 1869, No. 6,527:—

Read the following letter from the Officiating Collector of the Kistna District, to the Acting Secretary to the Board of Revenue, dated Masulipatam, 4th August 1869, No. 237.

I HAVE the honour to forward herewith copy of a letter from the Acting Head Assistant Collector, dated 29th July 1869, No. 263.

2. I beg to support his recommendation that an unassessed piece of waste Survey No. 132, measuring Acres 5·3 at Jaggiapetta, may be granted free to one Goluri Venkatahistnaya for the site of Choultry which he proposes to build for the accommodation of Brahmins, Banians, and Sudras. As he states that he is unable to provide buildings for all classes, I cannot recommend any endowment for the Choultry. There is no other Choultry at Jaggiapetta which is a place of importance near to Hyderabad road.

3. I enclose plan of the site and plan of the proposed building.

ENCLOSURE No. 1.

From the Acting Head Assistant Collector, to the Officiating Collector of the Kistna District, dated Apparowpett, 29th July 1869, No. 263.

I HAVE the honour to state that a petitioner, Goluri Venkatahistnaya of Jaggiapetta, requests sanction to build a Choultry at Jaggiapetta.

2. I referred his application to the Deputy-Tahsildar, who reports that the land applied for by the petitioner for the erection of a Choultry consists of a portion* of No. 132, which contains Acres 5 Cents 3, and is unassessed waste. That the land is chowdu and unfit for cultivation, and

that it is situated close to the pathway leading from Jaggiapetta to the Hyderabad road at Sharemahomedpet. That touching this proposed site, there is a well and a fruit-garden belonging to the petitioner, frequently resorted to by travellers as there is no Choultry in the town. That commercial intercourse at Jaggiapetta being considerable, and the piece of land applied for being close to the town, the erection of a Choultry at this place is necessary. That the petitioner not being a man of substance, wishes to erect one substantial building with two verandahs to the east and west for the accommodation of Brahmins, Banians, and Sudras, stating his inability to provide buildings for all classes.

3. He further reports that there appears to be no objection to the required land being granted to the petitioner, and submits a plan of the building, as well as an extract (from the number 132) from the Survey Plan, which I have the honour to forward herewith.

4. It appears from the above circumstances that the erection of a Choultry at Jaggiapetta deserves attention, and I request that you will, if you approve of it, be pleased to obtain the sanction of the Board for the entry in the village site of the whole number, No. 132, containing Acres 5 Cents 3, and for a grant to the petitioner of the land applied for.

2. This is an application for a block of land as a site for a Chuttrum in the village of Jaggiapetta, Kistna District.

3. The land in question forms part of No. 132, measuring 5.3 acres. It adjoins a garden belonging to Venkataknistnaya, the intending builder, which appears at present to do duty as a halting place for travellers.

4. A plan of the proposed site and building accompanies the Collector's letter.

5. Venkataknistnaya assigns want of means as his reason for non-compliance with the full conditions for Chuttrum grants, but as the building he proposes will be useful and probably sufficiently commodious, and as the land is unassessed waste and there is no similar institution in Jaggiapetta (which is a place of some importance, besides being the principal halting place for travellers to Hyderabad) the Board are inclined to support the recommendation of the Collector, that the small piece of ground abovementioned, lying between the end of the garden (No. 131 on the plan) and the road to Sharemahomedpet, be assigned as proposed.

No. 327.

ORDER THEREON, 27th October 1869, No. 2,858.

Miscellaneous.

THE grant of land proposed by the Collector and approved by the Board is sanctioned.
