No. 3. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Cothakotca, Mudnapully Talook, 17th August 1869, No. 1,602:—

WITH reference to paragraphs 11 and 12 of my letter, No. 3,183, of 28th November 1868, and paragraphs 2 and 3 of the Proceedings of the Board of Revenue, No. 2,604, of 17th April 1869, I have the honour to report, for the information of Government, that I have deputed Mr. Assistant Engineer Brickwell, who has been lately posted to this district, to thoroughly investigate the project for taking water from the Cundakoor tank to Pedda Tippasamoodrum and Rungasamoodrum tanks in the Mudnapully Talook of the Cuddapah District, and request the sanction of Government for an establishment, as per margin, for such time as Mr. Brickwell may require the same, which I calculate at about twelve months. The number of Lascars entered is according to a memorandum of Colonel Anderson's, and is, I consider necessary to admit of the survey, &c., being carried on quickly.

7 Lascars	... ...	49
		69

2. I have directed Mr. Brickwell to make a careful survey, &c., of each of the tanks so as to be able to calculate their capacities, and to gauge the large feeders, more particularly the Papugny river which runs into the Cundakoor tank, so that some idea may be obtained of the quantity of surplus available from the Cundakoor tank.

3. I request also that Government will authorize the Controller to pass such contingent bills as may be submitted for putting up gauges, lockspitting the line of channel, excavating trial pits, putting up bench marks, and other sundry expenses. An estimate of the probable cost will be submitted as soon as Mr. Brickwell can form an idea of the probable cost.

No. 4. ORDER THEREON, 1st September 1869, No. 2,848.

ESTABLISHMENT, No. 2.

THE Government sanction the entertainment of the establishment applied for in this letter for a period of twelve months, at a monthly cost of Rupees 69, the charge being debited to the Budget allotment for temporary establishments.

2. His Excellency the Governor in Council also authorizes the Controller to pass the charges referred to in paragraph 3, an estimate for which should be prepared and submitted by the Superintending Engineer as early as possible.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Superintending Engineer, 3rd Division.
,, Controller of Public Works Accounts.
,, Accountant-General.
,, Chief Engineer for Irrigation.
,, Revenue Department.
