this. He has, however, several criminal
cases on hand, which he has partially
inquired into, and the investigation in
disposal of which it is desirable that he
should complete before he leaves the
District, with reference
dated 7th April 1869
N^o 675 to a recent order of
the High Court, under which the Successor
of an Officer removed or transferred is
precluded from disposing of a case on
the incomplete inquiry held by his
predecessor without trying the case
de-novo. I have under these cir-
cumstances detained Mr. Hall in the
District for a few days to allow him
to dispose of the cases already commen-
ced by him. To enable him to do
this as speedily as possible, I have
relieved him of all revenue work and
have also given orders that no fresh
criminal cases should be brought
before him, so that he may be able
to devote his undivided attention
to the disposal of those he has on hand.

N^o 1161. Letter from District Officer
Mangalore 24 August 1869

From

H. S. Thomas Esq^r

Acting Collector of

South Canara.

To

J. G. Esq^r

Acting Secretary to the

Board of Revenue.

Madras.

Sir,

My Assistant Mr. Hall having been
transferred to the South Arcot District,
I have been under the necessity of ap-
plying to Government for the services
of another Assistant to act in the
Magisterial work, and beg to enclose a
copy of my letter to Government, for
the Board's information.

2.

Mr. Hall was engaged in
superintending the Special Test Exam-
ination

Assistant Magistrate, to dispose of the additional work thrown on the Magistrate.

During that short interval my predecessor found by experience that this work was such that he could not dispose of it without the aid of a full power Magistrate.

The full power Magistrate who is now being removed found his whole time fully employed in disposing of this work, so much so that he even complained at times that he found it very hard to get through his work.

If that was the experience of his undivided attention, it is impossible that I can take up the same work as a trifle in addition to the charge of the District.

If I attempt to take it up and divide it between myself and the Assistant who is the only other full power Magistrate in the District, witnesses will not be induced to give evidence if they know they will have to follow us about the District on our weary journeyings.

I beg to urge that with only one

European Magistrate to help me, the District is under officered. I do not count the unpassed Apistt fresh from Home and hence unavoidably ignorant of the language, for it is obvious that he is necessarily only a raw recruit. The acting Magistrate is frequently absent on Salt tours and then unable to render any Magisterial assistance.

7- It is essentially necessary that a Justice of the Peace should be on the spot during the fair season, when ships are lying in host. I was much troubled in this respect last year and had to postpone petty enquiries about ship brawls, important reports due to the Government and the Board, and was compelled to apologize for despatching in a superficial manner, very unsatisfactory to myself, such as would not bear delay.

8- I earnestly trust therefore that the Government will be pleased to make an early appointment of
