Simla, 12th September 1868

Sir,

I am directed to acknowledge
receipt of 100 copies of the Conservator's
Annual Report of Forest Administration
in Madras for 1866/67, together with the
Review of your Government, and a despat
forwarding the above to the Secretary of
State.

2. Adverting to para: 7 of the Revie
I am directed to enquire whether any ste
have been taken for introducing into Madra
a Code of Forest Rules having the force of
Law, for the better protection of the forest
of that Presidency.

3. Dr Cleghorn's suggestions, made i
para: 21 of his review, concerning the sep

book for the use of Forest Officers, giving a description of the more valuable forest-trees and other plants of importance to the Forest-Officer, noticing at the same time their distribution, mode of growth, natural reproduction, and the experience gained regarding their cultivation, and giving an account of the timber and other products derived from them, would be a most useful publication, and as far as practicable it should be accompanied by illustrations. Should it be the intention of the Government of Madras to authorize the publication of such a work for the Madras Presidency, it appears advisable to this Government that the territories of Mysore and Coorg should also be included in it. In that case the Government of India will be prepared to support the work.

4. With reference to the Annual Forest-Report from Madras, I am directed to state that it would be a matter of great convenience if this Report could be submitted either before or together with the Budget-Estimate- and I am to enquire whether copies of that for 1855/57 have been communi-
