Revenue Department
Simla, 12th September 1888

Sir,

I am directed to acknowledge the receipt of 106 copies of the Conservator's Annual Report of Forest Administration in Madras for 1886/87, together with the Review of your Government, and a despatch forwarding the above to the Secretary of State.

2. Adverting to para: 7 of the Review I am directed to enquire whether any steps have been taken for introducing into Madras a Code of Forest Rules having the force of Law, for the better protection of the forests of that Presidency.

3. Mr. Cleghorn's suggestions, made in para: 21 of his review, concerning the preparation of a "Flora Sylvatica" for India, appear to His Excellency in Council. exact

look for the use of Forest Officers, giving a description of the more valuable Forest-trees and other plants of importance to the Forest Officer, noticing at the same time their distribution, mode of growth, natural reproduction, and the experience gained regarding their cultivation, and giving an account of the timber and other products derived from them, would be a most useful publication, and as far as practicable it should be accompanied by illustrations. Should it be the intention of the Government of Madras to authorize the publication of such a work for the Madras Presidency, it appears advisable to this Government that the territories of Mysore and Coorg should also be included in it. In that case the Government of India will be prepared to support the work.

4. With reference to the Annual Forest Report from Madras, I am directed to state that it would be a matter of great convenience if this Report could be submitted either before or together with the Budget Estimate. and I am to enquire whether copies of that for 1855/56 have been communi-

the. In addition
1856/57 has been
