Proceedings of the Madras Government, Revenue Department, 22nd November 1869.

No. 238. Read the following Proceedings of the Board of Revenue, dated 6th November 1869, No. 8,213:—

Read again letter from the Collector of the Godavery district, dated 21st April 1869, No. 76, in Board's Proceedings of 12th May 1869, No. 3,218.

Read also the following letter from J. FRASER, Esq., Collector of the Godavery district, to the Acting Secretary to the Board of Revenue, dated Cocanada, 24th August 1869, No. 203.

With reference to the Board's Proceedings, dated 12th May 1869, No. 3,218, I have the honour to state, as reported by the Acting Sub-Collector, that there is ground suitable for an encamping-ground at Krishnampolem and of the required extent to the west of the village and adjoining a good-water tank. The ground is high and the soil sandy, consisting of proprietary and inam lands, a portion of which is at present cultivated with dry crops, and the rest reserved for pasturage.

2. He further states that for some months the tank has been dried up and the villagers have had to fetch water from Yernagudem, one mile distant, and that it is doubtful also if the proposed line of the trunk road will pass through Krishnampolem; that it would, therefore, be premature to fix upon this as an encamping-ground until the direction of the trunk road has been determined.

3. The extract (in original) from the report received from the Officer Commanding Right Wing, 19th Regiment, is herewith forwarded.

Enclosure No. 1.

Extract from a report received from the Officer Commanding Right Wing, 19th Regiment Native Infantry, moving between Samulcottah and Kurnool.

Yernagudem is well-known in this district as a very unhealthy place, and I was informed yesterday that, in consequence of the constant prevalence of fever, the Talook Cutcherry was to be moved to a village five or six miles off. At about one-and-a-half miles from Yernagudem is a village called Krishnampolem, near which there is a good encamping-ground and a much better supply of water. If this were made the halting place, the distance between Peddapungaddi and Nullacherla would be more equally divided. The above remarks are from personal observation, as I inspected the ground and drank some of the water.

No. 2,628.

True Extract. Forwarded to the Collector of the Godavery district with a request that he will recommend the halting place to be changed as suggested by Major Fletcher of the 19th Regiment Native Infantry.

(By order.)

Deputy Quarter-Master-General.

Fort Saint George,
8th April 1869.

Submitted for the information of Government, with reference to their Order, dated 19th January 1867, No. 204.

2. The Collector will again bring forward the proposal for the change of the encamping-ground for troops from Yernagudem to Krishnampolem when the proposed line of the trunk road and the direction it is to take have been determined.

3. The subject of paragraphs 2 to 4 of the Collector's letter, dated 21st April 1869, No. 76, which should have been separately submitted, will be disposed of in common with the replies of other Collectors on the subject.

No. 239. ORDER THEREON, 22nd November 1869, No. 3,011.
