Proceedings of the Madras Government, Revenue Department, 23rd November 1869.

No. 273. Read the following letter from J. BROUGHTON, Esq., Government Quinologist, Ootacamund, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 6th November 1869:—

I HAVE had the honour to receive G. O., No. 2,903, of November 2nd, 1869 which deals with my estimates for the year 1870-71.

2. In paragraph 4 I find that the whole of the provision I made for the pay of my "paid pupil" has been struck out, in consequence of my omitting to request sanction previous to the estimate.

3. I greatly regret that I should have inadvertently neglected to comply with the rule which was made known to me in G. O., No. 2,809, of November 7th, 1868, and which shall be attended to in future. But it will be in the highest degree inconvenient and detrimental to work to be deprived of the services of the lad I have trained with difficulty to a certain degree of efficiency, at the very time when his services become important; I beg that Government will be pleased to reconsider this matter. As long as the present duties are performed by myself or successor, it will be necessary to have some help in routine laboratory work. For this a progressive advance to the pay usually given to a competent writer does not appear an exceeding remuneration.

4. With regard to paragraph 3 of same G. O., I would respectfully beg leave to remark that the whole work of the establishment of alkaloid manufacture in India, if prudently conducted, must be tentative and dependent at first on acquired experience (being now carried on for the first time.) It is a necessary consequence that certain proceedings which may be requisite a year hence should be stated at the present time as contingencies that there are just grounds for providing for.

No. 274. ORDER THEREON, 23rd November 1869, No. 3,028.

Miscellaneous.

UNDER the circumstances stated by Mr. Broughton in his letter above recorded, the Accountant-General will be instructed to restore the sum of Rupees 530, struck out of the Quinologist's Budget for 1870-71.

2. The information before Government is not sufficient to enable them to sanction the continued employment of the paid pupil. Mr. Broughton will therefore be requested to submit, at an early date, a tabular statement in the enclosed form. He will state his opinion as to what the maximum salary of the paid pupil should be. The half yearly increase cannot be sanctioned without such a limit.
