No. 305. Read the following Proceedings of the Board of Revenue, dated 18th November 1869 :—

Read the following letter from the Officiating Collector of Malabar, to the Acting Secretary to the Board of Revenue, dated Calicut, 4th October 1869, No. 279.

I HAVE the honour to submit the Local Fund Budget* for the ensuing Official

- * One estimate of Receipts.
- One abstract do. of Receipts and Charges.
- Part I. Original Works.
- Part II. Repairs.

† This map will follow in a few days.

year, accompanied by a map† showing the Imperial lines of this district and such of the District Roads as have been included in Parts I. and II.

2. With reference to the concluding part of my letter to the Board, dated 13th ultimo, No. 247, and to para-

	Allotment for 1869-70. RS.

‡ Item No. 5.

§ Item No. 2.

graph 3 of the Board's Official Memo-
randum of the 24th August, No. 6,352,
I have not proposed any grants from
District Road Funds to supplement the
Imperial allotments for the maintenance
of the lines noted; but if it is finally
decided that provision should be made for
them from Local Funds, I request that
the necessary saving may be effected by
striking off the allotment‡ of Rupees
10,000 made for the construction of

District Road No. 25, and by reducing the allotment§ for District Road No. 11
from Rupees 10,500 to Rupees 6,300.

3. The tolls on Peria, Tambracherry, and Karkur Ghauts have been estimated
at Rupees 9,000 for 1870-71, from which,

¶ *Vide* G. O., dated 2nd September 1869, No. 2,477. deducting Rupees 3,600, the cost of the
collecting establishment,|| there remain,

Rupees 5,400, which I have allotted in Part II. of the Budget for the maintenance
of the ghauts in accordance with paragraph 5 of the Board's Proceedings, dated
3rd May last, No. 2,971. I trust, however, that the Imperial allotments on the
ghauts may not be reduced, and that I may be permitted to expend this sum on
the up-keep of the district feeders to the Imperial lines.

P. S.—I beg to enclose copy of a letter and memorandum received from
Colonel Walker proposing certain additional allotments. Of these, Nos. 1 to 4 are
Imperial roads. They have not been provided for for the reason stated in para-
graph 2 of the letter. Nos. 6 and 7 are included under Petty Works in Part II.,
and No. 5 has been allowed the usual maintenance allowance in Part II. as Item
No. 3.

PARTS I. and II. of the Road Fund Budget for 1870-71, received with the fore-
going letter, are submitted for the approval of Government with reference to
paragraph 1 of their Order of the 16th March 1869, No. 711.

*Proceedings of the Madras Government, Revenue Department,
25th November 1869.*

2. Part I. contains nineteen items with a total allotment of Rupees 75,550.

3. Items 11, 14, and 17 appertain to the Wynaad, and should be entered in a separate list, in accordance with Government Order, 8th January 1868, No. 52. The allotments amount to Rupees 3,300. In their Order of the 7th April 1869, No. 926, Government remark that they do not feel justified in authorizing any further expenditure from the District Road Fund, which is raised in other parts of the district under the Road Cess Act, upon the construction and maintenance of cross roads in Wynaad, and that consequently the proprietors of estates must provide for such expenditure either by subscription or by availing themselves of the Tolls' Act. In accordance with the spirit of this Order the Board deem it necessary to disallow the whole of the proposed allotments for original works in the Wynaad with the exception of that for rafts, which is necessary to complete existing lines of communication.

The sum thus saved will be devoted to the maintenance grants to Imperial roads, which will be noticed further on. The remainder of the same grants will be taken from the allotment to Item No. 5, which will be struck out of the Budget and from the unappropriated balance.

4. Part II. contains forty-nine items with an aggregate allotment of Rupees 48,870. Three fresh entries have been made in the Budget for the maintenance grants to Imperial roads referred to in the last paragraph.

5. The Wynaad repairs have been transferred to a separate list. They include three roads costing Rupees 4,060, which must be met from the receipts in other parts of the district, and Rupees 5,400 for the ghauts, being the estimated net proceeds of the tolls which are about to be levied on them.

6. In the Abstract of Receipts and Charges the expected income of the fund is given as Rupees 1,63,650.

7. From some of the minor items exhibited under the head "Expenditure proposed" the Board have deducted the expenditure appertaining to the Wynaad division and shown it opposite to each item in red ink.

8. There is an allotment of Rupees 80 for the establishment on account of tolls on ferries and bridges. This establishment is being employed on the Pyolic Lock, as hereunder particularized:—

One permanent watchman at 5 rupees a month, for twelve months...	Rs. 60
One temporary do. do. do. for four do.	20
Total...	80

9. The allotment for Contingent Charges of the Revenue Department is given as Rupees 2,850, and is made up of the following items:—

1. Moiety of Mahe ferry rent payable to French Government...	Rs. 1,900
2. Sundry charges, such as fee for registering Kychists executed by ferry-renters and hire of boats, etc., to be occasionally entertained at ferries.....	950
Total...	2,850

*Proceedings of the Madras Government, Revenue Department,
25th November 1869.*

The Collector is requested to quote the authority under which the Mahe ferry rent is being paid annually to the French Government.

10. The cost of Public Works supervision is calculated on the supposition that the fund will not be called upon to pay the department for expending its grants on Imperial works.

11. The total proposed expenditure for the district, including that of the Wynaad division, is Rupees 1,62,720, which leaves a balance of Rupees 920.

No. 306. ORDER THEREON, 25th November 1869, No. 3,044.

Local Funds, No. 23.

Account.

THE District Road Fund lists of the Malabar district for 1870-71, revised by the Board of Revenue, are approved. The Board have properly struck out the

provision from the proceeds of the District Road Cess for roads in Wynaad and allotted it for other roads.

Proceedings of the Board of Revenue -
dated 18th November 1869

Read letter from the Off^{ce} Collector of Malabar
dated 4th October 1869 N^o 279.

Parts I & II of the Road Fund Budget for
1870-71, received with the foregoing letter, are sub-
mitted for the approval of Government with reference
to para 1 of their Order of the 16th March 1869 N^o 711.

2. Part I contains 19 items with a total allot-
ment of Rupees 75,550-

3. Items 11, 14, & 17 appertain to the Wynnad
and should be entered in a separate list in accord-
ance with Government Order 8th January 1868,
N^o 4852. The allotments amount to Rs 3,300-

In their Order of the 7th April 1869 N^o 926 Govern-
ment remark that they do not feel justified in
authorising any further expenditure from the
District Road Fund which is raised in other
parts of the district under the Road Cess Act
upon the construction and maintenance of cross
roads in Wynnad and that consequently the
proprietors of estates must provide for such
expenditure

expenditure either by subscription or by availing themselves of the Tolls' act - In accordance with the spirit of this order the Board deem it necessary to disallow the whole of the proposed allotments for original works in the Wynnad with

the exception of that for rafts which is necessary to complete existing lines of communication -

The sum thus saved will be devoted to the maintenance grants to Imperial roads which will be noticed further on - The remainder of the same grants will be taken from the allotment

to item No 5 which will be struck out of the Budget and from the unappropriated balance -

4. Part II contains 49 items with an aggregate allotment of Rupees 48,870 - Three fresh entries have been made in the Budget for the maintenance grants to Imperial roads referred to in the last paragraph -

5. The Wynnad repairs have been transferred to a separate list - They include three roads costing Rupees 4,000 which must be met from the receipts in other parts of the district and Rs 5,400 for the ghauts, being the estimated net proceeds

proceeds of the tolls which are about to be levied on them -

6. In the Abstract of Receipts and Charges, the expected income of the Fund is given as Rupees 1,63,650 -

7. From some of the minor items exhibited under the head "Expenditure proposed," the Board have deducted the expenditures appertaining to the Wynnad Division and shown it opposite to each item in red ink -

8. There is an allotment of Rupees 80 for the Establishment on account of Tolls on Ferries and Bridges - This Establishment is being employed on the Pyolie Lock, as hereunder particularized :-

1 Permanent watchman at 50Rs a month for 12 months	60
1 Temporary watchman at 50Rs a month for 4 months	20
	<hr/> 80

9. The allotment for Contingent Charges of the Revenue Department is given as Rupees 2,850 and is made up of the following items :-

Moist
[Signature]

1. Moiety of Mahe ferry rent payable Rs
to French Government ————— 1900

2. Sundry Charges - such as fee for
registering Flychists executed by ferry
renters and hire of boats &c to be

occasionally entertained at Series — 950

2850

The Collector is requested to quote the authority
under which the Mahe Ferry rent is being paid
annually to the French Government.

10. The cost of Public Works supervision
is calculated on the supposition that the Fund
will not be called upon to pay the Department
for expending its grants on Imperial works -

11. The total proposed expenditure for the
District including that of the Wynad Division
is Rs 1,62,730, which leaves a balance of
Rupees 920 -

Malabar Collector's Office
Calicut. 4th October 1869.

From

A. MacL. Webster Esq^r
Offg Collector of Malabar

To
A. MacGregor Esq^r
Secy. Secretary to the Board of Revs.

Sir,

I have the honor to submit the Local Fund Budget for the ensuing official year, accompanied by a Map showing the Imperial lines of this District, and such of the District roads as have been included in parts I & II.

2. With reference to the concluding part of my letter to the Board dated 13th ultimo, No 247, and to the para 3 of the Board's Official Memo of the 24th August, No 6352, I have not proposed any grants from District Road Funds to supplement the proposed allotments for the maintenance of the lines noted, but if it is finally decided that provision should be made for them from Local Funds, I request

* 1. Estimate of receipts.
1. Abstract of Receipts and charges.
Part I Original works.
Part II Repairs.
* This Map will follow in a few days.

Road from Calicut to Malabar } Allotment for 1869-70.
far as it lies in Malabar District - } 7,700
Imperial Road No XX }
Ditto from Cannanore to Mysore } 3,740
via Mattanur. S.P. No XXXIII }
Ditto from Tellicherry to Peringhanth } 1,760
S.P. Road No XXXVII }
Total 13,200

request that the necessary saving may be effected by striking off the allotment of Rupees 10,000, made for ^{the} construction of District Road No 25, and by reducing the allotment for District road No 11 from Rupees 10,500 to Rupees 300.

* Item No 5

* Item No 2

3. The tolls on Peria Tamberachi and Karkur Chants have been estimated at Rupees 9000 for 1870-71 from which deducting Rs 3600, the cost of the collecting establishment, there remains Rs 5400, which I have allotted in part II of the Budget for the maintenance of the Chants in accordance with para 5 of the Board's Proceedings, dated 27 May last, No 2971. I trust however that the Imperial allotments on the Chants may not be reduced, and that I may be permitted to spend this sum on the upkeep of the District feeders to the Imperial lines.

* vide L. O. dated 27 September 1869, No 2477.

I have &c.
Signed A. M. C. Webster
offg Collector.

P. S.

I beg to enclose copy of

of a letter, and memo received from Colonel Walker proposing certain additional allotments of these Nos. 1 to 4 are Imperial roads. They have not been provided for for the reason stated in para 2 of the letter. Nos 6 and 7 are included under Petty Works in Part II, and No 5 has been allowed the usual maintenance allowance in Part II as item No 3.
