*Proceedings of the Madras Government, Revenue Department,
25th November 1869.*

No. 309. Read the following Proceedings of the Board of Revenue, dated 19th November 1869 :—

Read Local Fund Budget Estimate of Receipts with its enclosures from the Collector of Tanjore, dated 15th September 1869, No. 4,036.

PARTS I. and II. of the Road Fund Budget for 1870-71 are submitted for the approval of Government with reference to paragraph 1 of their Order of the 16th March 1869, No. 711.

2. Part I. contains twelve works with an aggregate allotment of Rs. 1,50,320 and a provision of Rupees 20,000 on account of Miscellaneous Public Improvements.

3. To the allotment of Rupees 13,530 for Item No. 5 the Board have added Rupees 3,950, which, with the computed expenditure of Rupees 10,000, makes a total of Rupees 27,480, the whole estimated cost of the work which is in progress.

4. The assignment of Rupees 19,790 for the seventh work has also been raised to Rupees 22,600. The sums added to this work and the one noticed in the preceding paragraph have been obtained from the allotment proposed for the Reserve, which will be noticed further on.

5. Part II. contains forty-eight repair works with a total allotment of Rupees 68,050 and a provision of Rupees 2,430 on account of petty repairs.

6. The maintenance grants proposed for the items marginally noted are in excess of the maximum rate of Rupees Nos. 1, 2, 12, 27, 30, 39, 42, and 44. 100 allowed to some of the most important local roads. The rates per mile proposed for portions of Items Nos. 2, 12, and 44 are Rupees 610, 550, and 560 respectively, which seem large. The Board are aware that the cost of metalling is exceptionally great in Tanjore, and this is probably the reason why such high rates of maintenance allowance have been provided, but the Collector will be good enough to report on the traffic on these lines and show in detail the manner in which the allowances are expended. Pending the receipt of this information the rates will remain unaltered. The Collector will explain why in this Budget as well as the last, maintenance is provided for the whole of cross road No. 65 from Keevalore to Katchanam, though only part of it has been made.

7. In the Abstract of Receipts and Charges the available assets of the fund are given as Rupees 3,06,400, which include Rupees 76,400, the balance expected at the beginning of the year.

8. Under the head "Expenditure proposed" the amount of the Reserve is entered as Rupees 30,640, which appears to have been calculated on the total available assets of Rupees 3,06,400 instead of on Rupees 2,30,000, the estimated income of the year. The correct amount has been inserted, and the greater portion of the amount thus saved, viz., Rupees 7,640, has been added to the allotments for Items Nos. 5 and 7 in Part I. of the Budget.

9. The allotment for contingent charges of the Revenue Department is given as Rupees 296, and no provision is made for those of the Public Works Depart-

ment. In the absence of any information the Board have allotted Rupees 50 and Rupees 200 for the respective departments according to the scale fixed by them.

10. With the foregoing additions and omissions the proposed expenditure amounts to Rupees 3,06,230, which, deducted from the available assets of Rupees 3,06,400, leaves a balance of Rupees 170.

No. 310. ORDER THEREON, 25th November 1869, No. 3,046.

Local Funds, No. 25.

<u>Account.</u>

THE District Road Fund Budget lists of the Tanjore district for 1870-71, revised by the Board of Revenue, are approved.
