*Proceedings of the Madras Government, Revenue Department,
30th November 1869.*

No. 366. Read the following letter from W. ROBINSON, Esq., C.S.I., Acting First Member, in charge of the Inam Department, to the Acting Secretary to Government, Revenue Department, Fort Saint George, dated Madras, 30th November 1869, No. 1:—

I HAVE the honour to submit the accompanying Budget-Estimate, amounting to Rupees 15,900, on account of the Inam Commission for the year 1870-71.

2. The bulk of the work connected with the Inam Settlement will, I have every reason to hope, be completed by the end of the current official year; and I may not perhaps find it necessary to employ all the hands for whom provision has now been made in the Budget. I have nevertheless provided for an establishment sufficient to guard against unforeseen contingencies.

3. I shall notice the several items in the Budget in the order in which they appear in the statement.

4. *Special Assistant.*—I have provided for this officer for six months in the next official year. If, as I hope, most of the district work comes in within the end of the current official year, or early next official year, I shall not require his services for that period.

5. *Head Clerk.*—As the establishment will have been considerably reduced, I have not thought it necessary to continue a Manager on a salary of Rupees 200. I have therefore provided for an experienced Head Clerk to be in charge of the office, on a pay of Rupees 100 a-month, for six months.

6. *Moonshis.*—The large number (40,000) of Title-deeds, now under preparation, will not have been fully issued to the Inamdars much before the end of April or May next; and I have no doubt that appeals will be subsequently received from Inamdars, and Arzis seeking correction of mistakes made in the Title-deeds. Further reports may be expected from Tahsildars up to the end of the next year. I have therefore provided for a couple of Moonshis with assistants for the whole of the year.

7. *Record.*—A Record-keeper with an Assistant and an Attender are absolutely necessary for the whole of the next year, and I have accordingly provided for them.

8. *Section-writers.*—Under this head I have put down Rupees 5,000. There are still upwards of 5,000 sides of fair Registers to be copied and examined, with a view to complete the District Registers; and, as the whole regular Office Establishment is now employed in accomplishing the more important work of preparing Title-deeds and disposing of petitions and reports, and in indexing and despatching the Registers already copied, I purpose to complete the copying-work by employing Section-writers to be paid for the actual work turned out; the Examiners only being paid by fixed salaries. It is my desire, and I shall accordingly endeavour to get a large portion of this work done within the end of this official year, if possible; but as there may be delays, difficulties, and obstructions in the way, I have thought it prudent to provide for the work being completed during the early part of the next official year.

9. The other items in the Budget do not call for remark.
