No. 40. Read the following Proceedings of the Board of Revenue, dated 24th November 1869:—

Read Order of Government, Revenue Department, dated 16th November 1869, No. 2,970.

As directed in paragraph 2 of the foregoing Order, Item No. 6* has been struck out of the Budget, and Rupees 1,780 out of the allotment† of Rupees 2,000 have been added to Item No. 2.‡

2. The Acting Collector is requested to expedite the submission of the supplemental estimate for Item No. 3.

3. With respect to the computed expenditure of Rupees 4,280, shown in the Budget for Item No. 5, the Board observe that it is the allotment provided in the Budget of the current official year (1869-70). In the column of remarks it is stated that an estimate for the work will be submitted on its receipt from the Superintending Engineer. If the estimate is received shortly and sanctioned by Government, there is nothing to prevent the allotment of Rupees 4,280 being spent before the close of the year. Moreover, it has been the invariable practice to show, as the computed expenditure, the allotment of any sanctioned or unsanctioned work appearing in the previous year's Budget, under the expectation that estimates might be received and sanctioned in time to admit of the allotments being spent, as the Budgets are prepared generally six months before the close of the year.

4. The information called for regarding the expenditure incurred on the work marginally described will, as directed by Government, be furnished when the estimate is submitted.

5. The attention of the Acting Collector is called to paragraph 3 of the Order, and he is requested to report at once whether any portion of the maintenance grants, proposed for works appearing in Part I. of the Budget, can be reduced.
