Proceedings of the Madras Government, Judicial Department,
25th January 1869.

No. 212. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Coonoor, 23rd December 1868, No. 168.

In submitting, herewith, the plans and estimates for provision of Subsidiary Jail accommodation in the Coimbatore District, called for in G. O., No. 2340 of 22nd July, I have the honor to note as follows, for the information of Government.

1 Plan.
2 Abstract Estimates.

Perindoray.—The alterations to the old Taluq Cutcherry, and station-house, at Perindoray, called for in paragraphs 6 and 7 of the Jail Committee's Report, have been carried out emergently, at a cost of Rupees 280 and Rupees 240, respectively, on estimates included in those herewith forwarded.

2. The New Taluq Cutcherry at Errode, alluded to in paragraph 8, is in progress, and the Subsidiary Jail accommodation will probably be completed within the current official year.

Caroor.—The re-arrangement of the Taluq Cutcherry rooms, alluded to in paragraph 16 of the Report, (and preceding paragraphs,) has been carried out emergently on an estimate of Rupees 550. The out-houses, alluded to in paragraph 17, are estimated to cost as follows, viz.:—

	Rs.
Hospital shed	930
Cook shed	340
Latrine	560
Well	150

Aravacoorchy.—The new buildings, alluded to in paragraph 20 of the Report, are estimated to cost as follows, viz.:—

	Rs.
Main buildings	7,000
Hospital shed	930
Cook room	340
Jail latrine	560
Ryots' shed	720
Public latrine	790
Well	160
Total...	10,500

Satyamungalum.—The re-arrangement of rooms, proposed in paragraph 25 of the Report, has been carried out emergently on an estimate of Rupees 930 herewith submitted.

The out-buildings mentioned in paragraph 28 are estimated to cost as follows:

	Rs.
Hospital shed	930
Cook shed	350
Latrine	610

Tulawady.—The new buildings, proposed in paragraph 31 of the Report, are estimated to cost as follows, (including purchase of small portion of land):—

	Rs.
Main buildings	9,300
Hospital shed	1,230
Cook shed	470
Latrine	820
Ryots' shed	940
Public latrine	1,150
Total...	13,910

Rates are necessarily high in this very out-of-the-way locality.

Collegal.—The accompanying plan shows the arrangements proposed in paragraph 36 of the Report, carried out in a more practical manner than shown in the Jail Committee's own plan. I observe, however, that the Draughtsman has omitted to show ridge ventilation over the wards, which will be remedied in actual construction. The cost of the alterations will be Rupees 3210. The out-buildings as follows, viz.:—

	Rs.
Hospital shed	1,080
Cook room	410
Latrine	700
Well	150

Their site will be paid for out of sundries.

Bhowany.—The alterations and additions to the Taluq Cutcherry are being carried out according to paragraph 41 of the Report emergently, at an estimated cost of Rupees 1850, which includes re-flooring [the body of the Cutcherry with square tiles.

The out-buildings are estimated as follows, viz.:—

	Rs.
Hospital shed	860
Cook shed	320
Latrine	590

Dharapooram.—The new Cutcherry, alluded to in paragraph 46, has been commenced, and Rupees 7500 will be laid out in the current official year in completing the Subsidiary Jail accommodation.

Pollachy.—Same remark as above.

Oodoomalpettah.—Same remark as above. Only that in each of these two latter places the Range Officer hopes to lay out Rupees 12,500 within the current official year. I hope to visit them shortly, and to find the Subsidiary Jail buildings well in hand.

Pulladum.—It has not been found practicable to carry out the proposals of the Jail Committee in paragraph 4 of their 2nd Report, owing to the nature of the building formerly used as a Deputy Collector's Cutcherry, of which they had

before them only a Native plan, without section or note of the materials of which it was composed. Both the Magistrate and Range Officer have reported to me on the subject; and I have consequently had entirely new buildings estimated for at the undermentioned cost, viz.:—

	Rs.
Subsidiary Jail	2,860
Hospital shed	920
Cook shed	360
Latrine	560
Total...	4,700

An extension of the Cutcherry compound, made at a cost of Rupees 20, being paid for out of sundries in the above.

I think the new Jail should be built on the site of the old Deputy Collector's Cutcherry, so that when a new Taluq Cutcherry is built (which must be done sooner or later) one on the new Standard Plan will fit in with it on the old Taluq Cutcherry site.

Avanashy.—The new buildings recommended in paragraph 10 of the 2nd Report, are estimated for as under, viz.:—

	Rs.
Subsidiary Jail	4,030
Hospital shed	920
Cook shed	360
Latrine	570
Ryots' shed	740
Well	150
Compound wall	1,260
Total...	8,030

Matupolliam—

	Rs.
Subsidiary Jail	2,860
Hospital shed	920
Cook shed	360
Latrine	560
Well	150
Compound wall	550
Total...	5,400

Anamalay.—The cost of building a new Cutcherry and Jail, as recommended in paragraph 25 of the 2nd Report, has been included in the aggregate estimate of Rupees 69,580, and is detailed below; but I understand that it is yet a moot question whether there shall be a Sub-Magistrate so near the Head Quarters Station of Pollachy or not.

	Rs.
Main buildings	7,890
Hospital shed...	1,000
Cook shed	400
Jail latrine	680
Ryots' shed	790
Public latrine...	990
Cost of site	250
Total...	12,000

Referred to the Judicial Department, with reference to the orders in that Department, dated 16th July 1868, No. 1127.

FORT SAINT GEORGE,
4th January 1869.

(Signed) C. A. ORR, Col., R. E.,
Secy. to Govt., P. W. D.

No. 213. ORDER THEREON, 25th January 1869, No. 116.

The Superintending Engineer, 7th Division, submits, with his letter above recorded, estimates, amounting in the aggregate to Rupees 69,580, of the cost of the Subsidiary Jail accommodation approved of in Government Order, dated the 16th July last, No. 1127, for the District of Coimbatore, together with a plan showing the proposed alteration and improvements in the Taluq Cutcherry at Collegal.

2. The Superintending Engineer states that it has not been found practicable to carry out the proposals of the Sub-idiary Jail Committee at Pulladum, owing to the inferior description of the materials of the building formerly used as a Deputy Collector's Cutcherry, and that he has, in communication with the Magistrate and Range Officer, estimated for entirely new buildings. He also thinks that the new Jail should be built on the site of the old Deputy Collector's Cutcherry, in order that a new Taluq Cutcherry, which must be built sooner or later, may be erected on the site of the old Cutcherry.

3. His Excellency the Governor in Council approves and sanctions these arrangements as well as the estimates submitted, and directs that instructions be issued in the Public Works Department in respect of the provision of funds, as well as for providing additional windows in the Taluq Cutcherry at Collegal, as indicated in pencil on the plan.
