Proceedings of the Madras Government, Public Works Department,
21st September 1869.

No. 488. Read the following Proceedings of the Board of Revenue, dated 27th August 1869, No. 6,449:—

Read the following letter from the Acting Collector of Tinnevelly, to the Acting Secretary to the Board of Revenue, dated 7th August 1869, No. 307.

I HAVE the honour to forward the information called for in paragraph 4 of Board's Proceedings, No. 3,960, dated 4th June last, as to the avacut and cultivation under existing irrigation works depending on the Numbiar for their supply.

2. The increase of 723 acres is in land capable of being cultivated under existing works. But I believe an unlimited quantity of land is available for wet cultivation, provided new tanks and new channels are constructed.

ENCLOSURE No. 1.—Statement.

SUBMITTED to Government, in continuation of Board's Proceedings, 4th June 1869, No. 3,960.

2. The Collector states that the increase of 723 acres can take place under existing works, but in the statement, part of it is ascribed to the result of constructing an anicut near Kudengulam. The Collector will state whether by this is meant the construction of a new work, or the improvement of an old [illegible] amount of the assessment on this land, and the reason why it was not cultivated.

No. 489. ORDER THEREON, 21st September 1869, No. 3,086.
