*Proceedings of the Madras Government, Revenue Department,
9th December 1869.*

No. 132. Read the following letter from the Acting Collector of Bellary, to the Chief Secretary to Government, Fort Saint George, dated Bellary, 21st October 1869, No. 71:—

With reference to Proceedings of the Madras Government, dated 28th January last, No. 248, I have the honour to state that the Acting Head Assistant Collector was requested to take the necessary steps for acquiring the land in Ghooty, necessary for a fuel-plantation, handing the same over to the Forest Department, and intimating the compensation that would be demanded.

2. Accordingly he took up 227 acres of land in the village of Cojjapully in the Ghooty Talook.

3. In the middle of the land taken up is a small plot of six acres, belonging to a ryot named Mahanundi, on which he has planted from twenty to twenty-five mango trees. The ryot refuses to give up the land, and to take compensation.

4. As all attempts to effect a compromise have failed, I see no alternative but to take action under Act VI. of 1857; I beg therefore that the necessary declaration may be made under Section 2 of the Act.

5. I have arranged for the remaining land being transferred to the Forest Department.

6. A statement showing the objections of Mahanundi to give up the land is enclosed. A sketch of the locality also accompanies.

No. 133. ORDER THEREON, 9th December 1869, No. 3,143.

Forests, No. 5.

THE Government are not at present disposed to compel the relinquishment of the land in question, as it is presumed that other land, equally well suited for planting purposes, can be obtained. The Collector should communicate with the Acting Conservator of Forests on this point, and report the result.

2. The Collector will be informed that he should have submitted his letter through the Board of Revenue; and with advertence to the plan forwarded, he will be instructed to bear in mind that Vernacular papers should not be submitted to Government without translations.
