*Proceedings of the Madras Government, Revenue Department,
14th December 1869.*

No. 202. Read the following Proceedings of the Board of Revenue, dated 26th November 1869 :—

Read letter from the Acting Collector of South Canara, dated 28th July 1869, No. 956.

With the foregoing letter the Acting Collector submits his Supplemental District Road Fund Budget for the current official year.

2. Part I. of the Budget contains ten items, with an aggregate allotment of Rupees 7,333. The first four are incomplete works.

3. The fifth item is on account of compensation for land taken up for the Coast road from Mangalore to Hosdrug, and the Collector promises to report on the subject when submitting an estimate for sanction.

4. The sixth, seventh, and, eighth items are unsanctioned works. They cannot be proceeded with, until estimates for them are sanctioned.

5. The remaining two items are for the cost of Public Works supervision and establishment for the Collector's Office. They are out of place, and need not be shown in Part I. The estimated cost (Rupees 587) of Public Works supervision has been omitted for want of funds, as that sum need not now be placed at the disposal of the Public Works Department. Moreover, it is calculated on the actual expenditure incurred and charged in the last month's accounts of the year.

6. The allotment of Rupees 240 on account of establishment in the Collector's Office has been reduced to Rupees 60, as the entertainment of a Clerk on a salary of Rupees 20 has been authorized only from the 1st December 1869, and as only three months' salary is payable this year, the salary for March falling due in April.

7. Part II. contains three repair-works, with a total allotment of Rupees 1,760. An estimate for the first work, amounting to Rupees 700, is sanctioned and returned to the Acting Collector.

8. With reference to paragraph 9 of the Acting Collector's letter, the Board see no objection to the repairs of a few minor bridges on the Coast road and the Puttur and Beltangadi road from the Maintenance Grants for these roads.

9. An abstract of Parts I. and II. is as follows :—

	RS.
By Public Works Department ...	Original Works ... 4,610
	Repairs ... 1,260
By Revenue Department ...	Original Works ... 1,900
	Repairs ... 500
	8,270
Establishment for the Collector's Office ...	60
	Total ... 8,330

10. The Officiating Collector states that the proposed expenditure can be met from the sources noted below :—

	RS.
Reserve of 1869-70 ...	5,860
Unallotted balance shown in the printed Budget ...	120
Actual balance on the 1st April 1869 ...	2,755
Unadjusted advances ...	358
	Total ... 9,093

*Proceedings of the Madras Government, Revenue Department,
14th December 1869.*

It is observed from the Registers kept in this Office that a sum of Rupees 803 was sanctioned from the reserve of Board's Proceedings, dated 10th August 1869, No. 5,870, Rupees 5,860, to meet the cost of travelling allowance to Local Fund Maistries and the salaries of the Lascars, so that only Rupees 5,057 is available from this source. This sum, added to the other items, makes a total of Rupees 8,290, which should be considered as the available assets. The total proposed expenditure, as shown above, is Rupees 8,330, which leaves a minus balance of Rupees 40. This small sum can be met from the savings in the allotments for works appearing in the original and supplemental Budgets.

11. The Board request that the early sanction of Government may be accorded to the proposed expenditure of Rupees 8,330.

No. 203.

From H. S. Thomas Esq
Acting Collector of
South Canara.

To J. Grove Esq
Acting Secretary to the
Board of Revenue.

Sir, With reference to your official Memo-
randum No 618 of the 14 June 1869, I have
the honor to submit herewith a Supple-
mental Budget, prepared in con-
sultation with the Superintending
Engineer of the Division for original
works and repairs to be carried out from
the District Road Fund during the
year 1869-70 in addition to those in-
cluded in the Printed Budget.

2. Part 2 contains 9 items of which
Nos 1, 2, 3 & 4 are incomplete works out
of past years Budget, and No 6 a
bridge requiring early renewal. A
revised Estimate for No 1 has been
submitted with my letter of the
14 June 1869 No 606, and with regard
to

South Canara Supplemental Road Fund
Budget. — Estimate for 1869-70 submitted by the

to the excess incurred by P.W.D. on No. 2 the Supg. Engineer states that it "is" is little over five per cent as hardly to require submission of a fresh Estimate, the original one having been of such a rough character, and the maintenance allowance of Rs. 55 a mile quite insufficient for the up keep of an entirely new road the earth works of which had not settled down. The present allotment in favor of the Revenue Department merely provides for the balance of compensation still due for lands taken up for this road.

3 The circumstances under which the Compensation due for lands taken up some time ago for the Coast Road from Mangalore to Hoodruig has hitherto remained unsettled will be reported specially when submitting an Estimate for the same for sanction. Item No. 5

4. Item No. 7 provides Rs. 500 for re-raising a forbiddingly steep portion of an otherwise well traced road (from Uppinangadi to Belthangadi) which

which has been already opened but not yet fully bridged.

Item No. 8.

5 Rs. 1120 are also allotted for re-raising such portions of the road from Jaleur to Passergode as require altering, with a view to the preparation of an Estimate for making this popular line thoroughly practicable for cart traffic.

6 I am addressing the Board separately regarding the extra office Establishment provided for in Item No. 9.

7 Of the 3 items included in Part II Nos. 1 and 2 are bridges requiring early repairs. The second of these being an emergent work, I have sanctioned its repair under Rule XXV. An Estimate for the first is herewith submitted for the Board's sanction.

8 No. 3 is a useful communication between the important town of Uldipi and the Port of Malpe. It having been considered desirable to mettal it, it was not repaired during the last

last two years. There being, however, no sufficient funds for undertaking the metalling this year. I have provided Rs 500 for executing some very needful repairs and keeping it from deterioration.

9 Besides the above works, there are a few minor bridges on the Coast road and the Pultur and Belkangudi road to be repaired or renewed this year at an estimated cost of Rs 150, but I find that these repairs can be conveniently carried out from the maintenance allowance for those roads if the Board will so permit, and hence require no special provision.

10 The proposed allotments amount in all to Rupees 9093 and can be fully met from the Reserve of 1889-90 and the unexpended balance of 1888-89.

(2) Repairing Kudla Bridge	Rs 75
(3) Several temporary bridge	Rs 75
	<u>150</u>

(1) Part I	7333
Part II	1760

Unexpended balance of 1888-89	2755
Unadjusted advance of 1888-89	358
	<u>9093</u>

11 With reference to the Board's Proceedings noted in the margin, I take this opportunity to state that the sanctioned Road Fund Budget of this District

Disfruct requires no revision or alteration at present, with the exception of a few transfers for which I have separately sought the Board's sanction as I find that the two lines transfers from Imperial to Local Funds during the late classification of the Imperial and Local roads of this District, have been duly entered in the Principled Budget received from the Board.
