*Proceedings of the Madras Government, Revenue Department,  
15th December 1869.*

No. 212. Read the following Proceedings of the Board of Revenue, dated 16th November 1869, No. 8,461 :—

Read the following letter from the Acting Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated 21st October 1869, No. 1,983.

I HAVE the honour to enclose a plan\* of a Choultry proposed to be built in Ulavapolla, a Shrotriem village in the Nellore Talook, by one Konda Pattabhiri Reddi, a ryot of Allur in the same talook.

\* Received with Nellore Tahsildar's Urzi, No. 711-2,678, dated 11th August 1869.

2. The place selected for the Choultry is near the 128th mile-stone, along the Trunk Road from Nellore to Ongole.

3. There are two Choultries, one at Allur and the other at Kammavaripalem; the former is at a distance of about seven or eight miles from Ulavapolla on the east, and the other about ten miles on the south.

4. The Choultry at Allur was built a few years ago, and formed the subject of the correspondence noted in the margin.† No endowment has been granted to this or the Choultry at Kammavaripalem which was constructed

some three years ago. It appears that this latter Choultry has not been built so as to afford accommodation to all classes, as provided for in the Standing Order, No. 105, and no application has been made for an endowment.

5. The Choultry at Racherlapad, the plan of which was approved of by the Board in their Proceedings, No. 6,813, dated 10th September 1869, is seven miles south of the Choultry now proposed.

Vide Tahsildar's Urzi, No. 876-3,154, dated 23rd September 1869,

6. This Choultry was commenced three years ago. Konda Pattabhiri Reddi proposes to complete the same according to the enclosed plan. He has already constructed a reservoir faced with laterite as shown in the plan.

7. The only objection to the grant of an Inam to this Choultry is, that it is so close to the one at Racherlapad. On the other hand there are no Choultries on the north up to 141st mile-stone at

Vide Kavali Tahsildar's Urzi, No. 54-3,374, dated 8th October 1869.

Kavali, where there is, however, a small one recently built, which has not been endowed.

8. Ulavapolla is a halting place for troops, and a Choultry here would be also a great convenience to travellers. In forwarding the enclosed plan for the Board's favourable consideration, I beg to recommend that an endowment be granted when the Choultry is completed.

ENCLOSURE No. 1.—Plan.

UNDER the circumstances the Board think that a deviation from the general rule, that endowed Chuttrums should be not less than ten miles apart, may be

permitted. They approve of the plan, and resolve to submit it to Government with the recommendation that when the building is completed a reduced endowment of land assessed at Rupees 40 per annum may be granted.

No. 213. ORDER THEREON, 15th December 1869, No. 3,182.

Miscellaneous.

In conformity with the recommendation of the Board, the Government will be prepared to sanction the grant of an endowment of land, assessed at Rupees 40 per annum, to the Choultry at Ulavapolla as soon as the same is completed in accordance with the plan, and opened for the use of travellers.
