No. 484. Read the following Circular from the Government of India, Public Works Department, (Establishment,) to the Governments of Madras, Bombay, Bengal, the North-Western Provinces, and the Punjab; the Chief Commissioners of Central Provinces, Oudh, British Burmah, and Mysore and Coorg; the Resident at Hyderabad; and to the Agents to the Governor-General for Central India and Rajpootana, dated Simla, 10th August 1869, No. 63:—

ONE or two cases have recently occurred where the families of Uncovenanted servants in the Public Works Department who have died, have been left unprovided for, and in one instance, the widow of a Civil Engineer lately arrived from England, has declared that her husband and other Civil Engineers similarly situated had been in entire ignorance of the existence of the Uncovenanted Service Family Pension Fund, I am accordingly directed to request that Uncovenanted servants in the Public Works Department, Madras, may be informed that there is such a Fund, and that all Rules, &c., regarding the Institution may be obtained at the Office of the secretary to the Fund in Calcutta.

2. It should be understood that this Fund is not guaranteed by the Government of India, and the only connection between it and the Government is, that the latter has undertaken to pay six per cent. per annum on all sums deposited by the Fund to the account of Government in the Bank of Bengal. The amount so paid by Government in 1867-68 was Rupees 1,71,773. The Directors must all be subscribers to the Fund. The Governor-General of India is ex-officio Patron. In all other essential points, the Fund is on the footing of the Pension Branch of an ordinary Insurance Company.

3 All Uncovenanted Officers must understand that if they neglect to provide for their families, they must not expect the Government to do so after their death.
