*Proceedings of the Madras Government, Judicial Department,
8th February 1869.*

No. 55. Read the following letter from the Subsidiary Jail Committee, to the Chief Secretary to Government, Fort Saint George ; dated Madras, 20th January 1869, No. 253.

We have the honor to forward two letters from the Acting Collector and the Head Assistant of the Kistna District, in which they propose to build a new Deputy Tahsildar's Sub-Magistrate's Cutcherry at Juggiapett, instead of carrying out the alterations recommended by us in paragraphs 69 to 73 of our letter, No. 191, of the 21st of September last.

2. The reasons of our proposal were that we considered that expense would be saved, and sufficient accommodation still attained. We understand now, however, that the alterations and improvements suggested by us will, owing to the high value of house property which must be removed to make even a tolerable Jail, amount to as much as nearly as much as building an entirely new Office and Jail.

3. We beg, therefore, that the Acting Magistrate's proposal may be sanctioned, and that a new Cutcherry and Jail of four wards in the Standard Plan No. 2, with a Latrine, Cook-house, and Hospital-shed may be ordered to be built at Juggiapett.

From the Acting Joint Magistrate in charge, to the Subsidiary Jail Committee, Madras ; dated Masulipatam, 16th January 1869, No. 11.

With reference to G. O., No. 1635, dated 26th October 1868, ordering certain alterations and extensions to certain Subsidiary Jails in this District, I have the honor to forward, for your information and recommendation to the Government, copy of letter, No. 10, dated 8th instant, received from the Head Assistant Magistrate of this District, proposing that the present Cutcherry of the Sub-Magistrate, at Juggiapett, in his Division, should be disposed of as it stands, together with the site, and that a new Cutcherry may be built in the new pettah of that town where a good site may be conveniently obtained.

2. The Head Assistant Magistrate recommends this course to be adopted, instead of extending the present Cutcherry as sanctioned in the G. O., for the cost of a new Cutcherry would be almost the same as that of the alterations to the present one including the value of the land adjoining, and the dwelling-houses thereon, which will be required to be purchased if the orders are to be carried out.

From the Acting Head Assistant Magistrate, Kistna District, to the Acting Joint Magistrate in charge, Kistna District ; dated Bezvada, 8th January 1869, No. 10.

I have the honor to inform you that the Sub-Magistrate has, under my orders, held a punchayet to determine the value of certain houses which will be required if the present Cutcherry at Juggiapett is extended, and Subsidiary buildings erected near it. The area required, including the Cutcherry and compound, would be yards $63\frac{1}{2} \times 39$, and, I think, this could not be reduced.

2. The houseowners themselves estimate their property at 9500 Rupees, and the punchayet at 6150 Rupees. A sowcar of the town offers Rupees 1500 for the present Cutcherry as it stands including the site, and the Sub-Magistrate believes he will give 2000 Rupees for it : so that by building in the new pettah where a good site can probably be obtained in a convenient position 50×50 yards in extent for about 100 Rupees, there would be a sum of at least 8000 Rupees to balance against the cost of a new 2nd Class Cutcherry.

3. The extensions ordered in the present Cutcherry will, I think, make up the difference, and the cost of a new 2nd Class Cutcherry would be about the same as that of the alterations ordered by the Committee, together with that of the land which must be taken up if they are carried out.

4. I beg, therefore, to recommend that the Committee be again addressed on this point. The present course would have been recommended before if it had been known how large a surrounding space was considered by the Committee as necessary to each Cutcherry.
