*Proceedings of the Madras Government, Military Department,
19th January 1869.*

Read the following papers:—

No. 440. From the Quarter Master General, to the Secretary to Government, Military Department; dated Fort Saint George, 20th November 1868, No. 7871.

In acknowledging the receipt of the Order of Government dated 2nd October 1868, No. 3866, I have the honor, by order, to forward, for the information of Government, a statement showing the strength of the guards furnished by the Native troops of the Garrison of Fort Saint George. This statement has been received from the Adjutant General, who has intimated to this office that the Commander-in-Chief has decided in that Department, that no reduction can be made in these guard duties, and that it is quite impracticable to bring them within the capacity of two Regiments to perform.

2. Adverting to the employment of four Regiments of our Native Infantry in the Saugor Division, which has led to the suggested reduction of the Native Infantry force at Madras to two Corps, I am directed to take this opportunity to say that the transfer of these four Corps from this command was decided on, without reference to the views of the Commander-in-Chief of this Presidency on that matter, and apparently without consulting the Madras Government as to the advisability of the measure.

3. Lieutenant General McCleverty, had he been consulted, would certainly have represented that the permanent withdrawal of the four Regiments of Native Infantry from this Presidency, would leave no reserve of Native Infantry in this command to meet a call for troops for active service.

[Statement

See for the location of the following
quantity of troops, the 1st Regiment to issue
instructions to the Governor of India for the
regiment, 1868.
