Proceedings of the Madras Government, Revenue Department, 6th March 1869.

No. 155. Read the following Proceedings of the Board of Revenue, dated 20th February 1869, No. 1,148 :—

Read the following letter from J. W. B. DYKES, Esq., Collector of Nellore, to the Acting Secretary to the Board of Revenue, dated Camp at Muttukuru, 2nd February 1869, No. 248:—

THE Salt Deputy Collector having lately brought to my notice that the allotment, under "Petty Construction and Repair," for the current official year 1868-69, which is fast drawing to a close, has not yet been appropriated, and that pending the orders of Government, none of the Salt works specified in the list, received with the Board's Proceedings, dated 27th August 1868, No. 6,151, were commenced, because the funds for the purpose were not available, I thereupon directed him to proceed with the execution of those works, the estimates for which had been sanctioned.

2. He has now requested that I will apply for the sanction of the Board for a redistribution of the allotment referred to under the terms of paragraph 7 of Standing Circular, No. 207-3, dated 29th September 1868.

3. The Deputy Collector has brought to my notice that many of the works given in the list appended to the Board's Proceedings of August last above adverted to, have still to be estimated for, *ex. gr.*, the road from Alluru to Gogulapalli, the road from Kavali to Tummalapenta, etc.; and, in almost every case, the sums applied for in that list were entered upon conjecture. Estimates not having been prepared, the works entered cannot be undertaken; and the allotment for them being thereby rendered useless, the Deputy Collector proposes a revised distribution for works he hopes to be able to complete by the end of March next.

4. I have the honor to append the redistribution of the works thus proposed by the Deputy Collector, and request the early orders of the Board. The aggregate amount thus applied for, namely,

	Rs.
Original Works	5,354
Repairs	1,213
Total...	6,567,

is considerably less than the allotment assigned for the district, as per margin, in the Board's Proceedings, No. 6,151, under advertence; but owing to the advanced date at which the necessary permission to go on with the several works has been given him, the Deputy Collector thinks it will not be possible for him to lay out more money before the end of March next, and even to work out the reduced allotment now proposed will require great expedition.

	Rs.
Original works	10,481
Repairs	685
Total...	11,166

Revised List of Salt works proposed to be undertaken in the District of Nellore during the official year 1868-69, *under Petty Construction and Repair.*

Total, Repairs...	...	.....	1,213	
Grand Total ...	...	.....	6,567	

*This is the moiety or Government grant equivalent to the local subscriptions

THE proposed distribution of the allotment for "Petty Construction and Repair" of Salt works in the Nellore District will be submitted for the sanction of Government.

2. Considering that estimates for the expenditure of Rupees 2,930 of the allotment has been already sanctioned, the Board are surprised to find that until lately "none of the Salt works specified in the list, received with the Board's Proceedings, 27th August 1868, No. 6,151, had been commenced, because the funds for the purpose were not available". Further explanation is required on this point.

	Rs.
Pakala platform...	729
Iskapalli platform	408
Police huts	1,023
Watch-towers	770
	2,930

3. Greater care should be taken in future in preparing the Budget List. The Board hope that the Collector will never have to report again, towards the close of the year, that the sums in the list were entered upon conjecture, and that estimates for some of the most important works had not even then been prepared.

No. 156. ORDER THEREON, 6th March 1869, No. 591.

Separate Revenue, No. 9.
Salt.

1. The revised distribution of the allotment for "Petty Construction and Repair" proposed by the Collector of Nellore and recommended by the Board of Revenue, is sanctioned.

2. The Government approve of the observations made by the Board in paragraph 3 of their Proceedings.
