With reference to the remarks of Government, the Board beg to explain, as regards the item "Petty Construction and Repair," that the revised Budget was submitted to Government in August and sanctioned in October.

2. At the period therefore to which these returns refer, namely, up to the end of September, no allotments had been sanctioned, and only emergent repairs appear as expenditure.

3. The Budget Grant of 1867-68 was Rupees 2,18,595, of which, Rupees 18,319 were expended on the 31st December 1867.

4. The grant for 1868-69 was Rupees 2,36,122, and the expenditure on the 31st December last was Rupees 35,286, exclusive of Rupees 16,900 advanced to the Public Works Officers in Madras, but not then accounted for.

5. As regards the item "Grant-in-aid to Public Bungalow Fund," the expenditure at the end of September 1868 was Rupees 2,520 against that of Rupees 1,754 at the same period in 1867, the grant in both cases being the same.

6. The balance of this grant does not lapse with the close of the official year, but is placed to the credit of the Fund.

7. Collectors will be careful to give timely notice of their inability to expend the allotment of their districts for "Petty Construction and Repair" to admit of transfers.

8. The Collector of Madras anticipates the necessity for exceeding the present allotment by 30,000 Rupees, owing to the unfavorable character of the season for salt manufacture.

| Petty Construction and Repairs.. | 2,36,122 | 3,803 |

RESOLVED that the attention of the Board of Revenue be drawn to the small amount of expenditure* under "Grant-in-aid to Public Bungalow Fund" and "Petty Construction and Repair." The balances under those heads should be utilised as much as possible before the close of the official year. The state of things now adverted to could hardly have occurred if the Board had stimulated the expenditure during the year. The Board should take every means available for expending the balance of the provision for Petty Construction and Repair before the expiration of the year. Possibly a portion of it might be expended on materials, if it cannot be laid out on the works.
