*Proceedings of the Madras Government, Revenue Department, 16th March* 1869.

No. 401. Read the following letter from the Apothecary in Medical Charge, Chetterpore, to the Deputy Inspector General, Indian Medical Department, Presidency and Northern District, Madras, dated Chetterpore, 15th February 1869, No. 63 :—

1.— I beg to report that since my last communication, which shewed an increase of Fever cases at Ganjam, as compared with the previous month, there has been a diminution in the number for the past month ; 431 cases having applied for treatment.

2. The severity of the cases too appears latterly to be much mitigated by the milder state of the weather ; after two good downpours of rain, on the 9th and 10th instant, 2½ inches on the former and three-quarter inch on the latter date.

3. Second Class Hospital Assistant N. Vurdarajooloo, No. 468, doing duty at Ganjam, has contracted the prevailing Intermittant fever, having had occasional, attacks, but he is not laid up.
