No. 616. ORDER THEREON, 23rd March 1869, No. 814.

Forest, No. 23.

1. Since the date of the Order of Government, dated 13th February 1868, No. 414, sanctioning a temporary establishment for the demarcation of the Forest reserves in the Salem District, arrangements have been made for the preparation of complete maps of the several districts with topographical particulars. The Officiating Conservator's letter, above recorded, will therefore be referred to the Board of Revenue and Superintendent of Revenue Survey for report, as to whether it is necessary that any separate demarcation of the forest reserves should be undertaken by the Forest Department.

2. The difference in the character of the temporary establishment now applied for and that formerly sanctioned is very marked, and should have been noticed and explained. Major Beddome will also report if any provision has been made in the Budget for 1869-70 for the temporary establishment, and, if not, how he proposes to meet the additional cost, if eventually sanctioned.

To

Lieut. J. S. Walker
By Order of Forests
Salisbury, S. India

To

Major R. N. Reddick
Offy. Conservator of Forests

Sir

Owing to delay in receipt of sanction for temporary demarcation establishment, and subsequently on account of new arrangements for the division of the Forests made during your visit to Salisbury in June & July the temporary establishment sanctioned in Government Order No 414 dated 13th February 1868 has not been entertained and only a few preliminary steps taken.

2- Experience proves that the Range officers cannot give sufficient time and attention to this important work whilst they are performing their ordinary duties which are, of themselves, very heavy, and from their knowledge of the Forest tracts in their own range, they are best qualified to select those to be demarcated, and reserved.

3- I propose to release the permanent officers of a range from his ordinary duties during the demarcation of the Forests under his charge, which he will personally supervise.

4- I have therefore the honor to request sanction for the employment of a temporary

Establishment as shown below in lieu of that formerly sanctioned for six months which expired on the 13th August last.

I request that the present sanction 5 may extend to the commencement of the Official Year 1870-71. That is to say April 1st with which time I trust that all the Forests and Jungles in the Salem District will be demarcated, and mapped, and I shall take every care to prevent any unnecessary expenditure.

A tent has been already purchased 6 and supplied for the use of the demarcation party and I propose to commence operations at once in the Dindigul District Range where the B. S. Government has been directed to proceed with a preliminary selection in communication with the local Revenue officials.

I beg to submit two copies of a 7 notification on the subject which I trust will meet with your approval.

Establishment sanctioned	Establishment for which 8
