*Proceedings of the Madras Government, Public Works Department,
11th March 1869.*

No. 310. Read the following letter from the Secretary to the Government of India, Public Works Department, (Account.) to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 15th February 1869, No. 149 A:—

I am directed to acknowledge the receipt of your letter, No. 3,914, dated 15th December 1868, and in reply to forward herewith, for information and guidance, the orders passed on the Madras Public Works Budget Estimate for 1869-70.

MADRAS BUDGET ORDERS, 1869-70.

1. The Budget grant assigned* to Madras from Imperial Funds for expenditure on Public Works during 1869-70, excluding State outlay on Guaranteed Railways, amounted to Rupees 98 lacs, thus apportioned:—

	Lacs.
Military Works	12
Agricultural Works	35
Other Services	51
	98

2. The Budget Estimate now submitted amounts to Rupees 98,41,820, the excess Rupees 41,820, being intended to provide for the charge for the establishment of the Civil Engineering College at Madras, which, under the orders quoted in the margin, has been transferred from the Budget Estimate of the Civil Department to that of the Public Works Department, and for which an additional grant is required. This addition is passed to the extent of Rupees 40,000, subject to approval by the Government of India in the Financial Department. The total Imperial Public Works grant of the Madras Presidency for 1869-70 will, therefore, stand at Rupees 98,40,000.

3. The distribution of this grant, as proposed by the Government of Madras, is approved, subject to the following remarks:—

ORIGINAL WORKS.

MILITARY.

4. The Budget Estimate for this head of service may be thus summarized:—

	Works in progress from 1869-68		New Works to be commenced during 1869-70		Total	
	No.	Grants.	No.	Grants.	No.	Grants.
Funds for works, the estimates for which have not yet been sanctioned.	6	28,900	25	2,32,570	31	2,46,170
Funds for works, the estimates for which have been sanctioned.	124	1,10,200	12	1,51,300	24	3,61,500
Total	130	1,39,100	37	2,03,870	55	3,00,000
Additional Public Works						1,14,000
Grand Total						4,14,000

*Proceedings of the Madras Government, Public Works Department,
11th March 1869.*

5. Of the several works to be executed during the course of next year, the estimates for those noted in the margin require to be submitted to the Government of India for sanction, as forming part of one project, viz., the provision of accommodation for the Garrison of Bangalore.

6. The estimate for the building for the female branch of the Lawrence Military Asylum at Ootacamund, Item No. 55, should also be submitted as early as possible.

7. It is of course understood that no expenditure will be incurred on any of these works, until the estimates for them have been sanctioned by competent authority.

8. It is observed that as regards provision for barrack accommodation on the improved scale, there are only two entries of importance in the present Budget Estimate, viz., Item No. 15, Barracks for Artillery at Saint Thomas' Mount, and Item No. 28, new Hospitals at Bangalore. It would, therefore, appear that in Madras there are no important requirements for improved accommodation for British troops. But on this point the Governor General in Council desires again to urge the attention of the Government of Madras to the orders quoted in the Public Works letter No. 23, dated 11th January 1868, margin, requiring the early submission of a report showing the total probable cost of completing the barrack accommodation in the Madras Presidency.

The Government of India have sanctioned the estimate for the Government of India as a charge to that head. The Government of India should be sanctioned as soon as possible.

AGRICULTURAL, ORDINARY.

14. The details of the distribution of the allotment assigned for this head of service are as follows:

Original Works.	RS.	RS.
Major Works.	1,00,000	
Minor Works.	2,00,000	
Repairs.	14,00,000	
State outlay on Guaranteed Irrigation Works.	90,000	
	20,00,000	

This is approved.

* This is the total amount of the estimate for the year 1869-70, and is the same as the estimate for the year 1868-69.

*Proceedings of the Madras Government, Public Works Department,
11th March 1869.*

COMMUNICATIONS.

15. The distribution of the grant under this head of service is as follows:—

	No. of works.	Grant, 1869-70. RS.
New works proposed to be commenced upon during 1869-70.	15	2,59,950
Works in progress from 1868-69.	47	7,81,100
	62	10,41,050
Minor Works.		90,000

Grand Total ... 11,31,050

16. The grants assigned to many of the works under this head appear to be too small to ensure satisfactory progress during the year, and a considerable portion of the grant is applied to new roads. The Governor General in Council desires to invite the attention of the Government of Madras to this point, and to suggest the postponement of some of the new works with the view of supplementing grants for those in progress.

MISCELLANEOUS PUBLIC IMPROVEMENT.

17. The chief works under this head consist of a project for the supply of water at Ootacamund, and the reclamation of swamps at the same place, the grants for which aggregate Rupees 34,000. These call for no special notice.

REPAIRS.

18. The Governor General in Council is glad to observe that the grant for repairs to roads from Imperial Funds is Rupees 1,35,000 less than that of the current year, this reduction being the result of the transfer to Local Funds of a certain portion of the charges on this account hitherto borne by Imperial Funds.

19. The following table shows the grant for repairs for the ensuing official year as compared with the grant for the current year, and the expenditure of the three previous years:—

ESTABLISHMENT.

20. The Budget Estimate for this head of service is Rupees 20,95,070, of which it is proposed to charge Rupees 17,91,100 to Imperial Funds and the balance, Rupees 3,03,970, to Local Funds. This proposed distribution of charge is approved, that against Imperial Funds being reduced to Rupees 17,83,280, in order to make the total grant for Public Works an even sum.

*Proceedings of the Madras Government, Public Works Department,
11th March 1869.*

21. It may be noted here that the estimate of Establishments for 1869-70 is in excess of that for 1868-69 by Rupees 2,21,070, which may be explained as follows :—

	RS.
I.—Additional charge for Madras Civil Engineering College transferred from the Budget Estimate of the Civil to that of the Public Works Department	41,820
II.—Additional Establishment for Irrigation Works	1,27,524
III.—Postage on official letters	41,000
IV.—Increase to Establishments chargeable to Local Funds	13,712
V.—Additional Establishment for Controller of Public Works Accounts	5,380
VI.—Other items	3,370
	2,93,306
Loss reduction of charge	12,236
Net increase	2,21,070

of which Rupees 1,44,210 is borne by Local Funds, and the balance by Imperial Funds.

PUBLIC WORKS REVENUE.

24. The estimate of receipts under this head during 1869-70, amounts to Rupees 1,30,760, but considering that the receipts of the current year are expected to amount to Rupees 2,00,000, and that the actual receipts of the four preceding years have averaged about Rupees 1½ lacs per annum, the Governor General in Council has been pleased to increase the estimate for the ensuing year as follows:—
