*Proceedings of the Madras Government, Revenue Department,
24th March 1869.*

No. 645. Read the following Proceedings of the Board of Revenue, dated 20th February 1869, No. 1,144 :—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Point Calimere, 20th January 1869, No. 7.

1. I have the honor to enclose, for the sanction of the Board, the following three estimates for repairing and improving roads :—

	RS.
I. Road No. 79, from Pundottum to Combaconum ...	17,130
II. Do. No. 33, from Nannilam to Kuruvady ...	8,570
III. Do. along Puttaur north bank ...	595

2. The necessity for these estimates, as also the source from which the required amounts can be drawn, are explained in the Superintending Engineer's letter, copy of which I enclose for the Board's perusal.

3. Considering the official year is rapidly drawing to a close, I have consented to the works being commenced in anticipation of the Board's sanction.

ENCLOSURE No. 1.

From the Superintending Engineer, 6th Division, to the Collector of Tanjore, dated 9th January 1869, No. 1,069

1. I have the honor to enclose the estimates noted in the margin, for repairing and improving existing roads in the district. The first provides for reforming No. 79. This road will tap the country between the Arasalur and Tirumal Rajen; it consists now of a narrow track, and nothing has been done to it for years, and no allotment was ever made for maintaining it.

2. For the first five miles this road runs in rear of the Arasalur bank, leaving the bank at intervals, where it passes through villages; and for extending the sluices on this portion a sum of Rupees 2,040 has lately been sanctioned; the rest of the road runs at some distance from the Arasalur bank.

3. No. 33 is to the east of Road No. 35, and is a continuation of No. 47, on which Rupees 4,008 was expended last season on earthwork by the Tahsildars, and Rupees 4,038 is now being expended on masonry works; it is a useful road, and is a short cut from Nannilam to Nagore.

4. The short road along the Puttur north bank provides access from the Partiyoor village to Road No. 14, which connects Kodavasal and Nannilam.

5. In the enclosed Muchilka, the villagers have consented to give up all land which may be required for the road, and to carry out work to the extent of half the estimate. Sanction for Rupees 595 only is therefore required. This last work may be provided for from the Rupees 25,000 for repairs lately placed at my disposal.

6. This will reduce the balance available for allotment to Rupees 1,089 only.

7. Special allotment should therefore be made for Roads Nos. 79 and 33; as, however, the official year is rapidly drawing to a close, and there is no probability of the allotments already made being fully utilised, I would propose to put these works in hand at once, and to provide for

any balances next year from the still large unappropriated balances of Local Funds. If put in hand at once, some Rupees 5 or 6,000 may perhaps be expended on these roads before the 1st April.

Collector.

ENCLOSURES Nos. 2 to 4.—Estimates.

With the foregoing letter, the Collector submits estimates for the undermentioned works:—

	RS.
For reforming Road No. 79	17,130
Do. do. No. 33	8,570
Forming road along Puttur north bank	595

2. The Board resolve to submit, for the early sanction of Government, the estimates, amounting in the aggregate to Rupees 25,700, for the first two works. They will allot funds for them after the receipt of sanction.

3. The estimate, amounting to Rupees 595, for the third work is sanctioned from the source pointed out by the Superintending Engineer.
