No. 41. Read the following letter from the Superintending Engineer, 6th Division, to the Secretary to Government, Public Works Department, dated Tanjore, 9th December 1868, No. 966:—

1 Plan.
1 Estimate.
1 Letter from Collector.

1. I have the honor to submit, for the sanction of Government, a plan and estimate of Rupees 750 for constructing an additional room to the Printing Office attached to the Collector's Department at Trichinopoly. The estimate was prepared at the Collector's request, and it has been countersigned by him in token of approval. The Collector's letter* explaining the necessity of the work is attached to the estimate.

* No. 256, of 2nd December 1868.

2. There is a balance of only Rupees 30 in the Trichinopoly District for Minor New Works, "Civil Buildings," and should Government sanction this work, I beg that the amount of the estimate may be transferred to Trichinopoly from the balance of Rupees 1,858 available for Minor New Works, "Civil Buildings," in the Tanjore District.

From the Collector of Trichinopoly, to the Superintending Engineer, 6th Division, dated Trichinopoly, 2nd December 1868, No. 256.

1. I have the honor to return, duly countersigned, the accompanying estimate and plan for adding a room to the Printing Press Office attached to this Cutcherry.

2. The second room is absolutely required for the purpose of boiling glue, and ash water, keeping dirt for paste, damping paper, and storing water in a cistern for cleaning press materials. As present this work is conducted, with much inconvenience, in the existing rooms where the pressmen work and the different articles are deposited, thus creating dirt, confusion, and noise.

No. 42. ORDER thereon, 5th January 1869, No. 23.

CIVIL WORKS, No. 2.

The Government approve of the estimate of Rupees 750 for the construction of an additional room to the Printing Press Office attached to the Collector's Cutcherry at Trichinopoly, and sanction the transfer of funds recommended in paragraph 2 to meet the cost of the work.
