Read the following papers:—

No. 166. From the Superintending Engineer, 2nd Division, to the Secretary to Government, Public Works Department, Fort Saint George; dated Puzwada, 19th November 1868, No. 120.

In their letter to Government, No. 191, of 21st September 1868, the Subsidiary Jail Committee recommend that a new Taluq Cutcherry should be built at Datchapally on the Standard plan No. 1, with subsidiary buildings, and Government, in their Order, No. 1635, of 26th October 1868, Judicial Department, approve G. O., No. 3370, dated 26th October 1868, P. W. D.

and sanction the Committee's proposal. I beg to inform you that, on the recommendation of the Board of Revenue, the Government, in the Revenue Department, sanctioned certain alterations and improvements to the existing Travellers' Bungalow at the above station, at a cost of Rupees 2430, to render it more suitable for a Tahsildar's Cutcherry, to which it had been for some time previous devoted. These alterations are now in progress, and the expenditure up to the end of last month was Rupees 985. I solicit instructions as to whether this work should be stopped at once, with a view to a fresh estimate being prepared for a new Taluq Cutcherry, as recommended by the Subsidiary Jail Committee.

FORT SAINT GEORGE,

Chief Secretary.

No. 167. From the Subsidiary Jail Committee, to the Chief Secretary to Government, Fort Saint George; dated Madras, 9th February 1869, No. 266.

We have the honor to state, with reference to your Memorandum of the 30th November last on a letter from the Superintending Engineer, (herewith returned,) regarding the alterations in the Travellers' Bungalow at Datchapally in the Kistna District, that we called upon Colonel Moberly for two plans, one showing the building as it will be when finished and handed over to the Revenue Department, and another showing the site on which it stands and the adjacent available land.

2. The plans have now reached us, and we observe that no provision is made for a Jail, nor has any estimate been prepared for it.

3. On plan A we have indicated on paper in dark yellow the arrangement we propose, which is to build a Jail of the minimum complement of four wards in the compound and joined to the present buildings by a covered passage at right angles twenty feet long.

*Proceedings of the Madras Government, Judicial Department,
15th March 1869.*

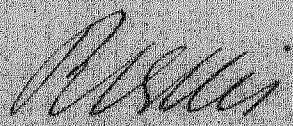

4. Plan B exhibits the site. It is observed that two latrines already exist; a well and cook-house will be necessary.

No. 168. ORDER THEREON, 15th March 1869, No. 425.

Under the circumstances set forth in the foregoing letters, His Excellency the Governor in Council sanctions the erection of a Jail of four wards with a covered passage, and the provision of a cook-house and well at Datchapally, in the Deputy Magistrate's Division of the Kistna District, and cancels the sanction accorded in paragraph 9 of G. O., dated the 26th October 1868, No. 1635, for a new Taluq Cutcherry on Standard plan No. 1.

2. The plans received from the Committee on Subsidiary Jails, will be transferred to the Public Works Department, in view to the necessary instructions being issued for the erection of the Jail wards at Datchapally.

Notwithstanding the erection of a Sanctuary with a covered passage, and the provision of a coal-house and well at Philadelphia, it was decided and executed the season 1860-1 in charge by J. C. O. and held until October 1861, for a new Living Cemetery on Standard No. 1.
