Establishment for distributing water from the Yallaroo river in Godavery District.—Order regarding its entertainment, referred to Board of Revenue for remarks.

Proceedings of the Madras Government, Public Works Department, 11th May 1869.

No. 246. Read the following letter from the Superintending Engineer, 1st Division, to the Secretary to Government, Public Works Department, dated Dowlaishweram, 7th April 1869, No. 64 :—

1. I have the honour to request permission to entertain, from the 1st June next, the usual Lock establishment (a Goomastah on Rupees 10 and three Lock Lascars at Rupees 5 each) for working the Yelurpad lock, which is just completed. This lock connects the Venkyah canal and Weyairu navigation with tide-water in the Upputair, and is one of the group of works described as "Improvements to Akeed Canal," Item No. 125, of the Budget of 1868-69.

1 Comparative Statement.

2. I have also to request permission for the entertainment of a Channel Superintendent on Rupees 10, one Peon on Rupees 6, and 2 Peons at Rupees 4 each, for distributing water from the river Yailaroo in the Peddapoor talook. This establishment was omitted by an oversight to be provided for in my statement of Anicut and Conservancy Establishment, sanctioned in G. O., No. 2,879, dated 9th September 1868.

3. The usual comparative Statement of the existing and proposed Anicut and Conservancy Establishment of the Godavery District is herewith forwarded.

4. I take this opportunity to state my opinion, that the Conservancy establishment for distributing water from the Yellairoo river ought to be under the supervision of the Revenue Department. The lands to which the water is supplied are partly Zemindary and partly held by Government ryots, and the disputes, regarding prescriptive rights and customary shares, complicated, requiring minute examination of Revenue records.

Statement of Anicut and Conservancy Establishment of the Godavery Delta as existing and as proposed.
