Proceedings of the Madras Government, Revenue Department,
22nd *May* 1869.

No. 528. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 8th May 1869, No. 795:—

In reply to your Endorsement, No. 936, dated 26th April 1869, on a petition from A. Sambasiva Pillay on behalf of himself and 400 other residents of Black Town, I have the honor to report that the road, which the petitioners ask to have put in order, is one leading from the Municipal Toll Bar westwards to Tauker's Choultry through Iyanaveram, and is the old route from Madras to Trivellore where it joined the high road to Cuddapah.

2. A similar petition, I believe, was addressed to Government in September last, and a plan and an estimate for reforming and metalling the road between the Madras Municipal limits and the large village of Paudy, a distance of 4 miles and 330 yards, were made, the latter amounting to Rupees 11,300.

3. Colonel Boileau forwarded this petition with the plan and estimate, and the Range Officer's report, to the Collector for approval on the 23rd December last, but no reply was received; and Mr. Fane could not have been in the position to recommend a grant of funds from the local allotment for this work.

4. The Assistant-Engineer in charge of the Range states that there are large Pagodas on this road, and considerable traffic goes on, averaging 300 bandies per diem. The line ought to be continued on for five miles to join a metalled road from the Railway Station at Avady to Poonamallee, and the cost of this portion would be much less than the former.

TRANSFERRED to the Revenue Department, the road in question being a local line.

FORT SAINT GEORGE,
12*th May* 1869.

Secretary to Government, P.W.D.
