Head Assistant-Collector's Court at Arcot.—Plan and estimate for its construction, returned to the Engineer Department for revision.

Proceedings of the Madras Government, Public Works Department, 8th May 1869.

No. 150. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 30th April 1869, No. 638:—

1. I have the honour to bring to the notice of Government that they have sanctioned two plans, the one differing from the other, for the Head Assistant Collector's Cutcherry at Arconum, and I beg to know which of them I am to follow in carrying out the work.

2. In G. O., Revenue Department, No. 85, dated 13th January 1869, a plan was approved, and on receiving another copy of it, more in detail, from Mr. Chisholm, I had the estimates prepared and submitted to Government with my letter No. 364, dated 15th April 1869.

Public Works Department, No. 170, dated 20th January 1869.

3. In G. O., Judicial Department, No. 546, dated 5th April 1869, however, a plan is forwarded for the same building, approved by Government, which differs in the size of every room, from the first one, and in the roof.

Public Works Department, No. 1,270, dated 17th April 1869.

4. As the Supervisor in charge of the Wallajah Range is ready to commence the foundations, the work being entered in the current Budget, I request early orders on the subject, and instructions as to the submission of another estimate if the second plan is approved of.

Part II., Item No. 60, Rupees 5,200.

5. I have further to report, that in G. O., No. 3,879, dated 12th December 1868, I was ordered to proceed with certain Judicial buildings in the North Arcot District, and, amongst others, with a jail of not less than four wards at Arconum on the standard plan, in accordance with the Jail Committee's suggestions, paragraph 2 of their report, dated 2nd November 1868, No. 206.

G. O., Judicial Department, No. 1,801, dated 27th November 1868, paragraph 2.

6. A sum of Rupees 5,000 was also granted for the jail in G. O., No. 653, of the 1st March 1869, so the work has progressed and the walls raised to the full height by this date. The estimates and plans were submitted with my letter No. 5,916, of the 8th March 1869, for sanction.

7. In the G. O., however, quoted above, in paragraph 3, another standard plan is adapted for this jail, which shows five wards in place of four wards, and a centre room for the Police. It remains, therefore, for me, as the jail with the exception of the roof has been built, to obtain instructions as to the mode of affording the extra accommodation now required, and I request permission to add on two rooms, one for prisoners and another for the Police, or to appropriate them both for male and female prisoners, retaining one of the present male wards, towards the centre of the building, for the accommodation of the Police. A revised plan and estimate must be submitted if this is approved.

8. Since drafting the above, I have to-day received G. O., No. 1,393, dated 28th April 1869, ordering me to revise the plan of the jail, I shall therefore submit a plan with the additions I propose in due course.

Proceedings of the Madras Government, Public Works Department, 8th May 1869.

No. 151. ORDER THEREON, 8th May 1869, No. 1,501.

CIVIL WORKS, No. 19.

1. Paragraphs 2 to 4 of this letter will be communicated to the Revenue Department with reference to the docket of this Department, dated 17th April 1869, forwarding the plans and estimates for the proposed Head Assistant Collector's Cutcherry at Arconum.

2. The subject of paragraphs 5 to 8 will be considered in the Judicial Department with reference to the orders in that Department, No. 536 of the 5th April 1869.
