No. 23. Read the following Proceedings of the Board of Revenue, dated 7th May 1869, No. 3,076:—

Read the following letter from the Acting Sub-Collector, in charge of Salem District, to the Acting Secretary to the Board of Revenue, dated 22nd March 1869, No. 57.

I HAVE the honor to submit, with the request that the Board will be pleased to obtain the sanction of Government to the measure, two statements referring to deductions to be made in the Peishcush of the Yellagherry Mootah in the Tripatur Talook, on account of lands taken up by the Department Public Works for the Railway feeder from Trunk Road No. 1 to Jollarpet.

2. The first item shown in Statement A. (Rupees 7-0-11) is the assessment of the ground actually taken for the road. The second item (Rupees 17-13-8) is the difference between the wet and dry assessments of the land under a tank, for which the Mootahdar has, owing to the feeder passing through the bed of it, been compelled to grant dry rates. Statement B. shows the particulars of this.

3. The total amount to be struck out of the Peishcush of the Mootah will be Rupees 24-14-7.

4. Besides this, I beg that the Board will be good enough to obtain the sanction of Government for writing off the accounts the sum of Rupees 74-11-9, now standing as a demand against the Mootahdar. This item is the sum shown in Statement A., and which is due for Fuslies 1275, 1276, and 1277.

5. The present Peishcush of the Yellagherry Mootah is Rupees 5,856-11-10, and if the proposed reductions are made, it will become Rupees 5,831-13-3.

ENCLOSURE No. 1.—Statement A.

SUBMITTED for the orders of Government.

2. From the foregoing letter and statements it appears that acres 2-38-1, assessed at Rupees 7-0-11, have been taken up in the Yellagherry Mootah for the Railway feeder from Tr[illegible] Road No. 1 to Jollarpet.

3. In addition to the above the feeder passing through the bed of a tank has rendered a further extent of acres 8-6-5 of Nunjah or wet land no longer cultivable as such. It has therefore become necessary to assess this extent as dry, and the Mootahdar is entitled to the difference between the wet and dry rates, which, in the aggregate, amounts to Rupees 17-13-8, thus making the whole sum to be deducted from the Peishcush of the Mootah Rupees 24-14-7.*

Difference of rates,	17	13	8
Total, ...	24	14	7

4. The land having been taken in Fusly 1275 (1865-66) the above annual remission should have been made from that year; and the Collector states that the remission, amounting to Rupees 74-11-9, due for the three Fuslies 1275 to 1277, now stands as a demand against the Mootahdar, and should be written off the accounts.

Proceedings of the Madras Government, Revenue Department,
1st June 1869.

5. Deducting the amount of remission now proposed from the Peishcush hitherto paid, the amount of Peishcush payable from Fusly 1278 is Rupees 5,831-13-3.

6. The Board recommend that the proposed compensation be sanctioned.

No. 24. ORDER THEREON, 1st June 1869, No. 1,538.

Miscellaneous.

SANCTION is accordingly granted for reducing the Peishcush of the Yellagherry Moottah to Rupees 5,832, from Fusly 1278; as also for writing off the demand of Rupees 74-11-9 against that Moottah on account of Fuslies 1275 to 1277.
