*Proceedings of the Madras Government, Revenue Department,
17th January 1870.*

No. 206. Read the following Proceedings of the Board of Revenue, dated 28th October 1869, No. 8,013:—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Combaconum, 7th October 1869, No. 221.

As directed in Board's Proceedings, dated 23rd July 1869, No. 5,333, I have the honour to submit, herewith, a draft Declaration under Section 2, Act VI. of 1857, containing a detailed specification of the land occupied by the Talook Cutcherry and Subsidiary Jail at Mayaveram, together with a plan thereof.

—
ENCLOSURE No. 1.—Draft Declaration.

—
ENCLOSURE No. 2.—Plan.

SUBMITTED to Government, with a recommendation that a Declaration be made that the land on which the Talook Cutcherry at Mayaveram stands is required for a public purpose.

2. The Trustees of the Pagoda to which it belongs are willing to accept 500 rupees in exchange for the land, but their power does not extend to alienation.

3. The Board request that this disbursement may be authorized from the Public Works Budget, as there is no provision for such charges in the Revenue Budget.

No. 207. ORDER THEREON, 17th January 1870, No. 101.

Miscellaneous.

THE Government resolve to sanction the payment of Rupees 150, as compensation for the Mantapam which

belonged to the Mayaveram Temple, when funds are available in the Public Works Department.

2. The Government do not consider it necessary to purchase the land occupied by the Talook Cutcherry and Mantapam. The Board, in their Proceedings, dated 28th October 1869, No. 8,013, mention that the Trustees of the Temple are willing to accept Rupees 500 (Rupees 350?) in exchange for the land, but there is nothing in the Collector's letter, dated 10th June 1869, No. 110, to show that the question of compensation of this nature has ever been raised by them. The main portion of the site in question appears to have been utilized for Government purposes since 1828 at the latest without remonstrance, and the value of the adjacent Servamaniem land has probably been raised by the construction of a Talook Cutcherry.

ORDER THEREON,

Hindrances having been found to exist to the immediate acquisition of the lands and buildings referred to in the annexed Declarations by purchase from the parties interested therein, the Governor in Council resolves, under the Provisions of ~~Section CX XXVIII of Act No. XIV of 1856~~, and Section II of Act No. VI of 1857, to order that the said lands and buildings be taken possession of on the part of Government, and applied to the purpose for which they are needed, leaving claims for compensation for the lands and buildings to be determined as provided in the said last mentioned Act, and, further, to appoint the Collector of *Tanjore* in communication with

to carry this order into execution, and to execute any award, and to do all things necessary for completing the business of taking and paying for the said lands and buildings, and for settling all disputes concerning them.

I would simply sanction payment
 of Rs. 150 as the value of the Mantapam
 which has been removed to make room
 for the new lab fact.

According to our order we ought
 now to come in the matter of
 buying sites for Lab fact & Culebrin.
 and therefore the freedom of the site
 at ~~for~~ ^{myanmar} should be given.

But apart from that, as we have
 had possession of the site since 1828,
 as it seems to be the Op. Head apart,

and with the Paloda Trustees, who
 acted in the matter of compensation,
 and as we are taking a very long
 about way to secure a title which
 the trustees cannot give, the subject
 should, I think, be dropped at
 least for the present. - It is a mere
 piece of business which brings it
 forward - no one has been injured
 the occupancy of the site & a Culebrin
 and a fact, and, beyond any doubt,
 the value of the contiguous Saravathian
 lands must have been raised by
 the use made of a part of one by the
 Govt., without let or stay, for nearly
 half a century

land has probably been
raised by the construction
of a Jalook Cutchery.
Apart from the question
of the propriety of granting
compensation for the site,
there are financial objections
to the disbursement of
a sum for this and at
present.
