*Proceedings of the Madras Government, Revenue Department,
3rd August 1870.*

No. 39. From the Conservator of Forests, to the Acting Secretary to Government, Revenue Department, dated camp at Ootacamund, 6th July 1870, No. 2,216.

With reference to the Government Order, No. 942, of the 24th June last, I have the honour to submit a letter from Captain Gosling, the officer who was till very lately in charge of the Anamallay Range, by which it will be seen that he states that the delay that occurred was partly on the side of the Bombay Marine in their not despatching Pattimars in proper time, and partly owing to the fact of the Pattimars taking in cargo at other ports on their return to Bombay. The timber has always been waiting tonnage, and its shipment entirely depends upon the Bombay Marine Department, the officer of the Anamallay Range only being expected to hand it over at the coast-depôts.

ENCLOSURE No. 1.

From Captain H. M. GOSLING, Deputy-Conservator of Forests, to the Assistant Conservator of Forests, in charge Anamallay Range, dated 1st July 1870.

With reference to G. O., No. 942, dated 24th June 1870, paragraph 1, I have the honour to request you will inform the Officiating Conservator of Forests that the delay occasioned in the teak-logs handed over to the Bombay Marine in 1868-69 occurred from the lateness with which the Pattimars for their transport was despatched from Bombay. Though I gave notice in October 1868, these vessels did not reach Ponany until the end of January and February. They also took cargo on their way back instead of sailing direct to Bombay. Mr. Overseer Lloyd will be able to corroborate these facts.

2. If the Bombay Marine send their Pattimars so as to reach, as last year, Beypore by the 1st December, the timber, which is always waiting tonnage instead of delaying it, can be delivered over and the vessels return so as to reach Bombay by the end of January, allowing ample time for the Marine authorities to ascertain the correctness of our measurements, etc.

3. The Tindals of the Pattimars should be tied down before engagement by the Executive Commissariat Officer at Bombay, not to touch at ports on the coast on their way back to Bombay as is their custom now to fill up any space left unfilled by our timber. I believe the true cause of delay lies here.

(True Copy.)

(Signed) H. E. STOKES,
Under-Secretary to Government.

Forests, No. 1.

From Conservator of Forests, dated 6th July
1870, No. 2,216.

From Deputy-Conservator of Forests, dated 1st
July 1870.

SIR,—With reference to your
letter, dated 1st June 1870, No. 337, I
am directed to transmit the marginally
noted letters in continuation of the cor-
respondence relative to the timber sup-
plied from the Madras Presidency to
the Bombay Dockyard in 1868-69.

2. Captain Gosling attributes the delay in the despatch of the teak-saplings
to the fact that the vessels, which were to convey them to Bombay, did not arrive at
Ponany till late in January, and took in cargo on the return voyage. It would
therefore appear advisable that the Masters of the Pattimars should be bound
over to such arrangements as would permit of their return to Bombay with the
timber supplied from this Presidency not later than January, in which case there
will apparently be no difficulty in debiting the value of the timber supplied in
each year to the accounts of the same year.

I have the honour to be,

Sir,

Your most obedient Servant,

(Signed) R. A. DALYELL,
Acting Secretary to Government.
