Proceedings of the Madras Government, Revenue Department, 4th August 1870.

No. 47. Read the following Proceedings of the Board of Revenue, dated 8th July 1870, No. 4,754 :—

Read the following letter from the Collector of Tanjore, to the Acting Secretary to the Board of Revenue, dated Point Calimere, 10th June 1870, No. 189.

I HAVE the honour to submit, for the sanction of Government, a plan and estimate, amounting to Rupees 3,500, for constructing a bridge of 30 feet span on road No. 15 from Adrampatam to Combaconum, over a drainage channel called Kannanar. The Salt Deputy-Collector complained of this interruption to carts taking Salt for Combaconum and its neighbourhood; and the Superintending Engineer, in a letter, dated 3rd May 1870, No. 115, wrote as follows :—"With reference to the bridges said to be required on this road (No. 15), I have to observe that the Kannanar is bridged; but as the stream is not embanked, and it drains a large area of country when there is a very heavy fall of rain as there was last season, the waters in the Kannanar overtop the sides of the stream, and flow over the country, finding a passage across the road about 400 yards south of the bridge; here it is proposed to provide a single flood arch of 30 feet span, at a cost of Rupees 3,500."

2. No portion of the estimate is chargeable to Imperial Funds.

3. Provision will be made in a Supplemental Budget of the District Road Fund to be submitted shortly.
