*Proceedings of the Madras Government, Revenue Department,
4th August 1870.*

No. 55. Read the following Proceedings of the Board of Revenue, dated 13th July 1870, No. 4,849:—

Read the following letter from the Officiating Collector of South Canara, to the Acting Secretary to the Board of Revenue, dated Mangalore, 9th June 1870, No. 735.

REFERRING to paragraph 6 of my letter of the 2nd instant, No. 691, submitted through the Superintending Engineer, I have the honour to forward for sanction the accompanying estimate, amounting to Rupees 2,440, for the re-construction of the masonry bridge at Uthilsal on the coast road at Bydoor, which forms Item No. 131 of original works in the sanctioned District Road Fund Budget of South Canara for the current official year 1870-71.

2. The bridge in question, which is arched, was injured in 1867. It was originally intended to repair it, and the work was entered in the Budget of 1868-69, but was not carried out in that year owing to the non-receipt of the estimate.

3. The Superintending Engineer has since decided, on professional grounds, to demolish the arch and construct a timber platform in lieu.

4. The bridge being on an important portion of the coast road, as stated in my letter of the 2nd instant, No. 692, (also forwarded through the Superintending Engineer,) its re-construction can no longer be delayed. I have therefore the honour to request that early sanction may be given to the estimate, in order that the timber may be felled as soon as possible, and allowed to season before being used.

5. Of Rupees 2,440, the amount of the estimate, Rupees 1,500 have been allotted in the current year's Budget, and I have proposed a further allotment of Rupees 940 in my Supplemental Budget, which has been submitted to the Board with my letter quoted in paragraph 1.

ENCLOSURE No. 1.—Estimate.

THE estimate, amounting to Rupees 2,440, is submitted for the sanction of Government.

No. 56. ORDER THEREON, 4th August 1870, No. 1,162.

*Proceedings of the Madras Government, Revenue Department,

2. The estimate was prepared in September 1869, and no explanation is given for the delay in its submission.
