*Proceedings of the Madras Government, Revenue Department,
10th August 1870.*

No. 166. Read the following Proceedings of the Board of Revenue, dated 18th July 1870, No. 4,925:—

Read the following letters:—

From the Collector of South Arcot, to the Acting Secretary to the Board of Revenue, dated Cuddalore, 12th May 1870, No. 112.

I HAVE the honour to forward, for the sanction of Government, the under-mentioned two estimates:—

1.—Sanding the parts of the 6th, 7th, 10th, 11th, 12th, and 13th miles of the road from Virdachellum to Satiatope, Rupees 3,330.

2.—Constructing a branch road from the 10th mile of the Trikalore and Ellavanasore road to the 2nd mile of the Tiagor and Manaloorpett road, Rupees 4,200.

2. Of the first work the Executive Engineer, No. 4 Range, remarks as follows:—"New embankments were raised in those six miles two years ago, but the sand then carted has sunk, and the road after a shower of rain is impassable. The maintenance grant is only sufficient for ordinary repairs, and it is very important that the work provided in the estimate be done as soon as possible;" and of the second, the Range Officer, Captain Howard, states that "the construction of this branch road will bring Tiagor, Kullacoorchy, etc., about ten miles nearer to Trikalore than any other road now existing. There is an old bandy-track which has even now a good amount of traffic, but it is totally impassable at certain seasons of the year."

3. I also request the sanction of the Board to the enclosed estimate, amounting to Rupees 1,760, for forming a new road from the 1st mile of the Tittagoody road to Sathacoodel in the Virdachellum Talook.

4. Provision will be made for the execution of these works from the reserve allotment of the District Road Fund for the current official year.

From the same officer, dated 10th June 1870, No. 138.

IN continuation of my letter of the 22nd ultimo, No. 112, I have the honour to state that the Acting Superintending Engineer is of opinion that the following sums should be contributed from Imperial Funds, being a moiety of the cost of bridging channels on the Local Fund road noted below:—

Road from 1st mile of the Tittagoody to Sathacoodel, Rupees 60.

ENCLOSURES Nos. 1 to 3.—Estimates.

ENCLOSURE No. 4.—Plan.

1. Sanding portions of the road from Virdachellum to Satiatope	RS. 3,330	WITH the first of the foregoing letters the Collector submits three estimates for the construction of the roads marginally described.
2. Constructing a branch road from the 10th mile of the Trikalore and Ellavanasore road to the 2nd mile of the Tiagor and Manaloorpett road.	4,200	2. The estimates are made up of the following items:—
3. Forming a road from the 1st mile of the Tittagoody road to Sathacoodel in the Virdachellum Talook.	1,760	
Total...	9,290
