Read the following Proceedings of the Madras Government, dated 6th May 1870, No. 651, Revenue Department.

ABSTRACT.—*Expenditure from Local Funds.*—Proceedings of the Government of India regarding its audit in the Civil Department, communicated to Board of Revenue, with orders thereon.

COMMUNICATED to all Collectors for their information and guidance.

2. With reference to paragraph 1 of the foregoing Order the Board observe that it has been usual with the Collectors to submit either revised or supplemental Road Fund Budgets with reference to the actual available funds of each year. Each Collector submits also a list of all incomplete Road Fund Works not provided for in the Budget, but which are being provided for either from the reserve or from the unappropriated balance of the Fund. Thus, it will be seen that there is no necessity for regularly revising the Budget-estimate after the 31st July in each year, as suggested by the Government of India.

3. The instructions contained in paragraph 2 will be duly attended to when submitting Local Fund Reports commencing from 1869-70.

No. 250. ORDER THEREON, 15th August 1870, No. 1,257.

Local Funds, No. 10.

<i>Accounts.</i>

WITH reference to the remarks of the Board of Revenue, contained in paragraph 2 of their Proceedings above recorded, the Government observe that

the Budget-estimates of the Local Funds are necessarily prepared at least six months before the year to which they relate, and that they comprise (1) the anticipated balance at credit of the funds at the end of the year in which the Budget is framed, and, (2), the receipts during that year. In the opinion of Government the former ought to be ascertained with accuracy within two months after the close of each year, and the latter within the same time after the expiration of the periods when they respectively fall due (as for instance, with each revenue kist in the case of receipts from the Road Cess).

2. The Board will be requested to submit as soon as possible a memorandum showing the estimated and actual balances at the beginning of the current official year. The Government also wish to have a quarterly statement showing the progress of the actual collections as compared with the estimates for each district.

Memorandum for Orders
No. 1743

The Govt of India
directed in regard to Local
Funds that "as soon after
31st July (in each year) as
the actual receipts and
the closing balance of the
previous year have been
ascertained, there should
be a revised estimate
of the available assets,
in order to the curtailment
of any Budget allotment
which may have been made
in excess of those assets,"

the Board to revise the Budget Estimate accordingly. But the Board observe that it has been usual with the Collectors to submit either revised or supplemental Road Fund Budgets with reference to the actual available funds and that thus it will be seen that "there is no necessity for regularly revising the Budget Estimate after the 31st July in each year." The Collectors do not, as a rule, revise the Budget Estimates. The rule recommended

recommended by the Govt. of India appears to be one that will check the large excess of expenditure necessarily prepared recently discovered in at least 8 months before the year to which they relate. They include the balance case of the Canal Funds. Orders are requested. They are to be submitted. 2. Receipts during the year. The former may be known with accuracy within 2 months of the close of the year. I would be pleased to see the current as soon as possible. It is to be submitted in July. The actual and estimated showing the 2 times stated & actual at the left of the year balance and the alterations necessitated by any difference between them, in the Budget allotments. The current receipts should be periodically dealt with, according to the periods when they fall due - as for Rs. 500,000 with each revenue list in the case
