*Proceedings of the Madras Government, Revenue Department,
23rd August 1870.*

No. 347. Read the following Proceedings of the Board of Revenue, dated 20th July 1870, No. 4,970:—

Read the following letter from the Collector of Kurnool, to the Acting Secretary to the Board of Revenue, dated 28th June 1870, No. 205.

With reference to Board's Proceedings, No. 7,319, dated 1st October 1869,
I have the honour to forward, for the
* Sent under separate covers. sanction of Government, the accom-

panying plans* and estimates for that part of the road from Rampoor Pass to the Nandikanama Ghaut commencing near the village of Paspulla in the Banganapally Jaghire, (Item No. 55 of the current year's Local Fund Budget,) amounting to Rupees 1,59,200, exclusive of the compensation for the land, which will be reported hereafter on the receipt of the necessary information from the Deputy Collector, Nundial.

2. The estimate embraces only the portion of the road in the Nundial Range; that for the portion in the Kurnool Range will be submitted as soon as received from the Superintending Engineer.

3. Colonel Moberly's letter, No. 654, dated 17th June 1870, which accompanied the estimate, is herewith sent, for the information of the Board.

4. The Nawab of Banganapally has consented to give the land required for the road through his estate, free of charge.

ENCLOSURE No. 1.

From Lieutenant-Colonel, A. S. MOBERLY, R. E., Superintending Engineer, 3rd Division, to the Collector of Kurnool, dated Bellary, 17th June 1870, No. 654.

I HAVE the honour to forward, for your countersignature and for transmission to the Board of Revenue with a view to obtaining the sanction of Government, the accompanying (as per list) plans, reports, and estimate, amounting to Rupees 1,59,200, for constructing a road from Rampoor Pass to Nandikanama Ghaut. The length of this portion of the road in the Nundial Range is a little more than 43½ miles.

2. The amount for compensation is only *approximately* entered at Rupees 1,080, as the Deputy Collector of Nundial who was applied to to obtain and submit the detailed statement does not appear, so far as I am aware, to have done so up to date; I therefore request that the correct amount may be ascertained and entered in the estimate, etc. For the portion of this road passing through the Banganapally territory, Mr. Supervisor Vardon informs me that the Zemindar of that State does not intend to claim compensation, and of this circumstance I believe you have more positive information.

3. In the body of the report upon the whole line of road is shown what works are not absolutely necessary to be undertaken, and to this I would draw your attention.

4. This work is entered in the Budget* for 1870-71 as Item No. 150, with an allotment of Rupees 27,000. Of the 10,000 Rupees allotted in the Budget for the last official year the expenditure has been Rupees 8,258.

* Public Works.

5. As regards the portion of this road in the Kurnool Range, I have to inform you that the same has been surveyed, and that the Executive Engineer will be request expedited to the submission of the estimate, etc.

*Proceedings of the Madras Government, Revenue Department,
23rd August 1870.*
