No. 363. Read the following Proceedings of the Board of Revenue, dated 9th July 1870, No. 4,780 :—

Read the following letter from the Acting Collector of North Arcot, to the Acting Secretary to the Board of Revenue, dated Chittoor, 1st June 1870, No. 226.

At the request of the Head Assistant Collector Mr. Wilkinson, the Wallajah Range Officer prepared the accompanying estimate, amounting to Rupees 80, for erecting a pandal or thatched verandah in front of the Government building occupied by him at Rancepet; and the Superintending Engineer in forwarding the estimate on to me has asked me to obtain sanction to the appropriation of the amount from the accumulated rent of the building, to admit of the execution of the work, if I think it desirable.

2. As I consider the addition of the proposed thatched verandah to the building in question to be extremely desirable, I have the honour to request that Government may be moved to sanction the appropriation of the amount from the accumulated rent of the building, which, up to the end of April 1870, amounted to Rupees 378-1-0.

ENCLOSURE No. 1.—Estimate.

SUBMITTED for the orders of Government.

2. The building which is to be improved is a "Military" building, and rent is paid for it to Government in the Public Works Department.

No. 364. ORDER THEREON, 24th August 1870, No. 1,315.

Miscellaneous.

THE Government are of opinion that the cost of the proposed pandal should form a charge against the ordinary Public Works Grant for "repairs to Government buildings". The proposal of the Superintending Engineer to debit the outlay to the accumulated rent of the building would be opposed to Sections 20 and 22, Chapter XVII. of the Public Works Code (Edition 1870.)
