379

Dated

26-8-1870 M.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
24th August 1870.*

No. 379.

Dated 24th August 1870, No. 1,323.

Miscellaneous.

THE Government understand that the garden at Burliar on the Coonoor Ghaut is for sale for Rupees 2,000, and that Messrs. McIvor and Jamieson are of opinion that its purchase is very desirable for the culture of the Ipccacuanha roots, which do not flourish at Ootacamund. It is also believed that the garden is especially adapted for the growth of West Indian plants as well as those from the Straits and Eastern Archipelago.

2. The Commissioner of the Neilgherry Hills will accordingly be directed to ascertain and report whether the information obtained by Government is correct, and, after deputing Mr. McIvor or Mr. Jamieson to visit the garden, will state whether he is of opinion that the purchase is expedient, and whether it could be managed by the present establishment attached to the Horticultural Gardens.

(True Extract.)

(Signed) H. E. STOKES,
Under-Secretary to Government.

To the Commissione of the Neilgherry Hills.
the Board of Revenue.

Exd. F. R. Bantleman.

Since coming to N.Y. I have spoken
 to Mr. Breckin & also to Mr. McLean
 & the farmer about the garden
 at Burlington which I am told
 can stand to buy it for \$2000.
 Mr. McLean states that he can
 manage the garden and that
 its produce is very desirable
 for the culture of the State.
 as we have water which fruit
 N.Y. too cold. & the climate too
 dry. The fruit of the garden
 also

botanical. It is believed
 that the garden is especially
 adapted for the growth
 of West Indian plants
 as well as those from
 the South & Eastern

and what to do.

Vol. 4.
No. 1323
Proc. of the Madras Soc.
Under date the 21st Sept.

The Soc. understand
that the garden at Barliar
Barliar on the Limon
Mount is for sale for
Rs 2000 and that
Messrs. M. J. and Sami
are of opinion that it
purchase is very desirable
for the culture of the
Specacuanha roots which
do not flourish at
Botanacumb. It is ^{also} believed
that the garden is especially
adapted for the growth
of West Indian plants
as well as those from
the South & Eastern

Archipelago.

The Commissioner of the
Geological Survey will accordingly
be directed to report ascertain
and report whether the
information obtained by
him is correct, and
after deputing Mr. Nelson
or Mr. Sancier to visit
the garden, will state whether
he is of opinion that the
purchase is expedient, and
whether it could be managed
by the present establishment
attached to the Botanical
Garden.
