*Proceedings of the Madras Government, Revenue Department,
24th September 1870.*

Read the following papers :—

No. 265. Proceedings of the Board of Revenue, dated 23rd August 1870,
No. 5,416.

Read the following letter from the Commissioner of the Neilgherries, to the Acting
Secretary to the Board of Revenue, dated Ootacamund, 18th July 1870,
No. 96.

In paragraph 3 of Government Order, dated 30th January 1868, No. 259,
Revenue Department, " further grants

* Reserved for Forest Department to make a " to private individuals within the trian-
Firewood plantation for the Wellington " gular area* originally allotted for the
Barracks. " plantations, without the special sanc-

" tion of Government on each case, are absolutely prohibited."

2. I enclose an application from Major Hodgson for permission to purchase
a piece of land (shaded blue) within the above-mentioned triangular area.

The piece of land may measure 3 or 4 acres, and is, as Major Hodgson says,
in some measure isolated, that is, the land to the east, south, and west, belongs to
private individuals. The reserved triangular area alluded to measures acres
224.93 altogether.

3. Under the circumstances I think the piece of land applied for may be put
up to auction, but I would carry the boundary so as to include also the triangular
bit A., B., C. (in blue pencil), and thus the water-supply channel would be the
boundary all the way.

to Government, Revenue Department, dated Ootacamund, 23rd September

In reply to official memorandum of the 22nd instant, inquiring whether the
sale of the land applied for by Colonel Hodgson will cut off the Government
land reserved for plantation from the high road to Coonoor, I have the honour
to say that it will not do so.

2. Our regular road into the Government plantation is X. X. X., as per
further tracing from the Coonoor Settlement Survey Map tacked on to the old
sketch herewith returned.
