Proceedings of the Madras Government, Revenue Department, 5th October 1870.

No. 22.

Dated 5th October 1870, *No.* 1,512.

Separate Revenue, No. 2.
Salt.

With advertence to Proceedings of Government, dated 27th April 1866, No. 996, the Government request that the Board of Revenue will, after communication with the Collectors, favour them with an early expression of opinion as to the expediency of declaring illegal the manufacture of earth-salt in the districts of Kurnool, Bellary, and Cuddapah.

2. The recent increase in the monopoly price of sea-salt necessitates the re-consideration of this question, while the extension of the railway to Ghooty since 1866 has partially removed one argument against suppressing the manufacture.

3. The Board will consider how far the enhancement of the price of salt tends to stimulate the production of earth-salt to the prejudice of the monopoly, and how far it counterbalances the effects of the extension of the railway in placing marine-salt at the command of that part of the population, which has been unable, hitherto to consume it in consequence of the expenses of carriage.
